70009 Cat Foldable Ladder

Thank you for choosing Rachell's product. Please read this Instruction Manual carefully before use, and use the product properly.

Please also keep this manual intact and in a convenient location for all to see and read. The figures used in this manual are to show operation method or structure, and may look different from the actual product. If you give this product to someone else, please also give this Instruction Manual to the new owner.

Intended Use

This product is a play set for single cat use. Load capacity per step is 17.6lbs.

- Explanation of Symbols

The following symbols are used in this Instruction Manual to indicate matters essential to safe use of the product. Please read and understand the meaning of the symbols before using this product.

Warning... This symbol is used to alert you that misuse of the product may cause serious personal injury or property damage.

Caution... This symbol is used to alert you that misuse of the product may cause minor personal injury or property damage.

Important!... This symbol is used to alert you that misuse of the product may cause trouble, damage or shorter life of product.

Precaution for Use

Warning

- Do not use this product for any purposes other than its intended use.
- This product is exclusively designed for cats. Do not allow any other animals or person to get on, lean on, sit on, apply force to or put objects on this product. It may cause damage or cause product to fall that may result in serious accident.
- Please keep this product out of reach of small children.
- If the product is used in a location where small children may reach, remove the bottom step from the product to keep them from climbing. Removal of the bottom step will not affect the strength or stability of the product

while being used by a cat.

- Make sure to use this product on a flat and stable place.
- If the product is placed in a location where a cat can reach a wall or household goods from the product, please provide protection for the wall or household goods to prevent damage by the cat.
- Do not place the product in the following locations to prevent accident or fall.
Cushioned location, such as on a carpet; Unstable location; Location where the product blocks passage; Location where the product blocks door to open and close; Close to stairs; Close to an object easy to fall.
- Please install each part with caution. Improperly installed parts may cause unexpected accident.
- Cats may unexpectedly react to thunder, lightning, or appearance of other animals and may cause injury or death. Please use the product within your eyeshot.
- Do not leave a cat with the product until it becomes familiar with it. Cat may slip off from or loose balance on the product and it may cause serious accident.
- Do not put leashed cat on this product. It may cause accident or damage.
- Any distortion or loose screws must be corrected immediately to prevent accidental swallowing or other accidents. Make sure Hook-and-Loop Fastener is securely attached to prevent hammock from unfastening.
- Do not leave folded product leaning on a wall. Falling of the product may cause serious injury.

- This product contains some pointed parts. Assemble or handle this product with caution to avoid injury.
- Do not alter this product or use substitute parts. It may cause accident or malfunction of the product.
- Do not place this product in front of hot air vent or near fire. It may cause product deformation, damage or burns.
- Discontinue to use the product immediately, if you notice any abnormality with the product or installation location.
- Some floors, such as wood floors, may be easily damaged. Please use the product with caution to keep such floor from scratches or dents.
- Remove a cat from the product to relocate. Make sure it is lifted enough to move without dragging.
- Please lift or fold the product with caution to prevent pinching fingers.
- When opening the package of this product, there might be a smell of material. Depending on air quality or user's physical constitution, the smell may cause allergic reaction. Please keep the room well ventilated during assembly or after setup.

Important!

- This product is designed for indoor use only. Do not use it outdoors.

When assembling

- For your safety, please assemble this product in a location large enough and flat. Please use mat, blanket or cardboard underneath the product to protect the product or floor from scratching.
- Use rubber hammer if the Dowel can not be inserted all the way. Protect the area with cloth.

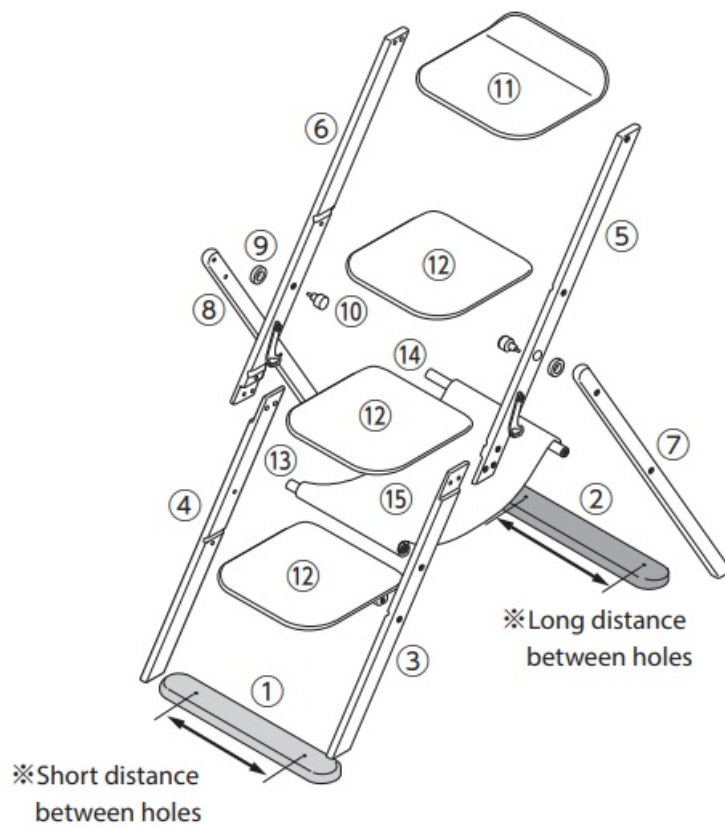

- Always assemble the product with 2 or more people.
- Please wear gloves to protect your hands from any injury.
- Please check each part for loose connection after assembly.
- This product contains some pointed parts. Assemble or handle this product with caution to avoid injury.

Part Name

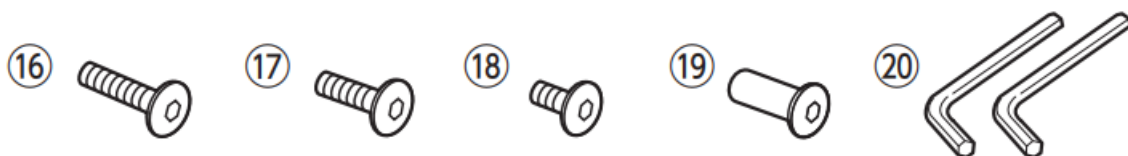

Before assembling this product, make sure the following parts are included:

- The part numbers used in the instructions correspond with the numbers in diagram. Please see the diagram before assembly.

F

- 1 set of **E**
- 13 Front Bar (1)
 - 14 Back Bar (1)
 - 16 Large Bolt (4)

F

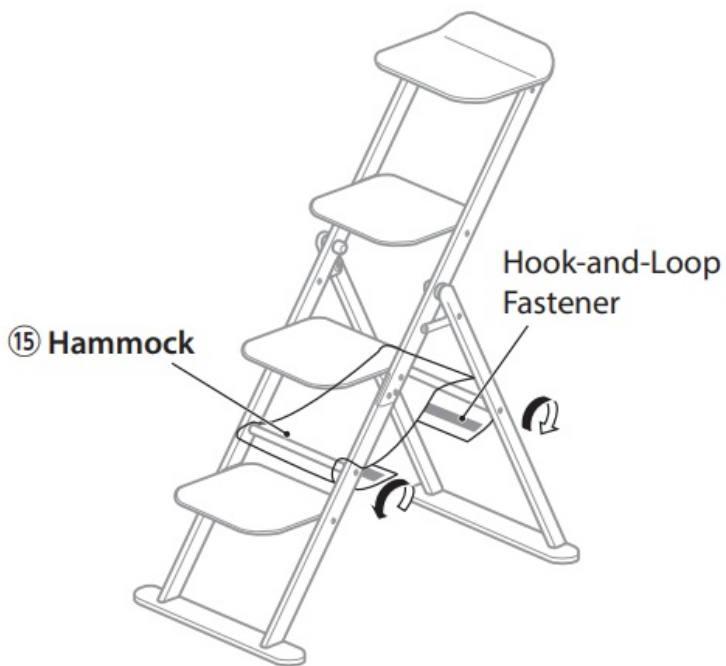

Assemble Hammock

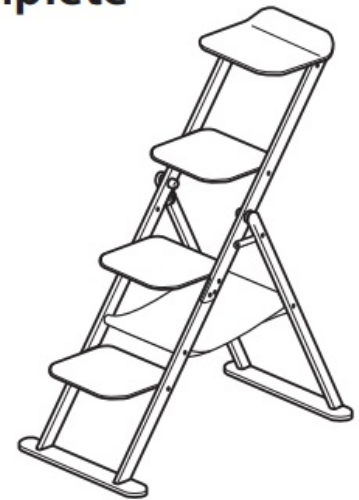

Attach the Hammock with folded area facing down. Make sure Hook-and-Loop Fastener is securely attached to prevent hammock from unfastening.

Parts to
use

1 set of **F**
⑮ Hammock (1)

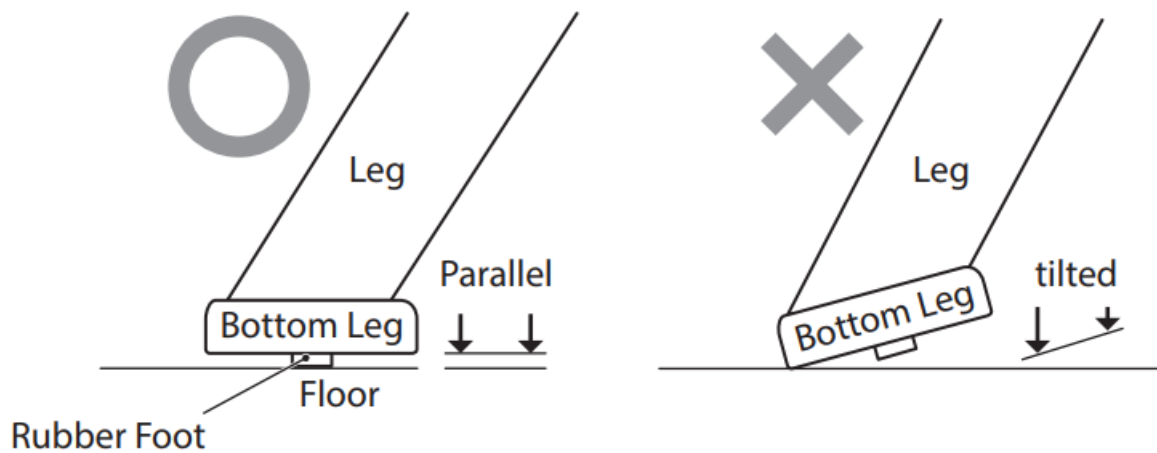

Complete

Check Assembly

After assembling, make sure the Bottom Legs are parallel to the floor.

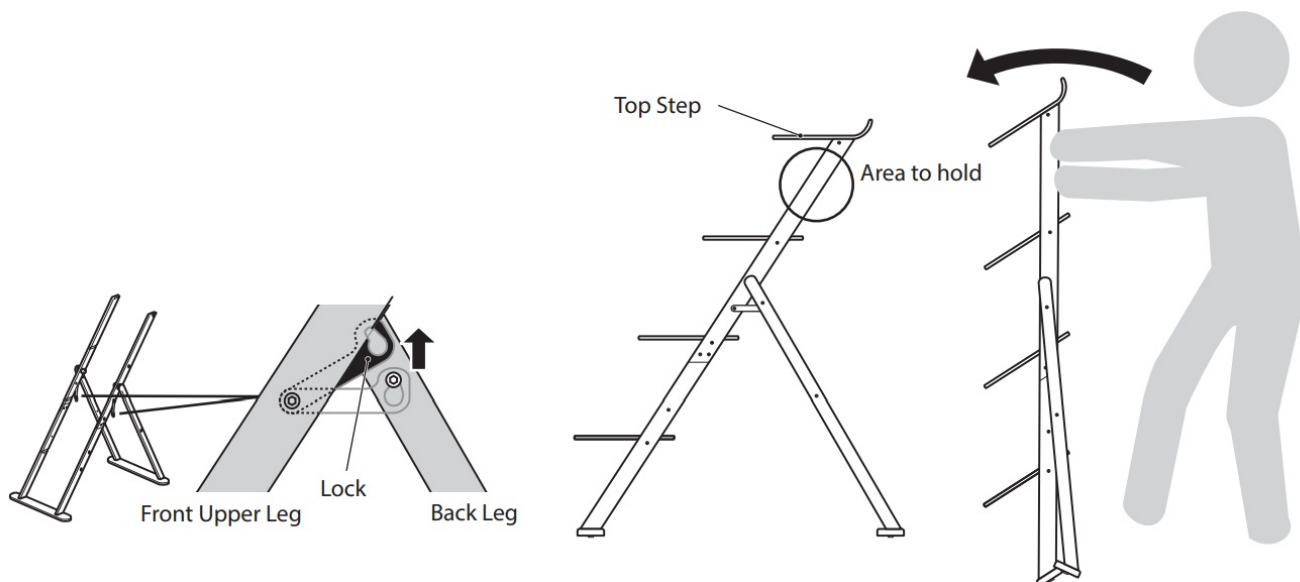

How to Fold the product

Disengage the Lock. Hold the Upper Front Legs in the area right under the Top Step and push it forward. Do not hold any other part of the product to keep your fingers from being pinched.

Caution

- Please fold the product with caution to prevent fingers from being pinched.
- Do not leave folded product leaning on a wall. Falling of the product may cause serious injury.

How to Disassemble

The product can be disassembled in reverse order to the installation.

How to clean

- Wring a towel soaked in mild detergent and water, and gently wipe the product. After wiping, place the product in an airy and shady location to avoid discoloration, deformation, and molding.
- Do not use a scrub brush and/or polishing powder. It would cause discoloration or scratch.
- When using creosol or other disinfectants, make sure to dilute them, otherwise damage to the product finish or discoloration may occur.
- Do not use harsh chemicals such as thinner, benzene or alcohol. These may cause discoloration or abrasion to the wood finish.
