## Installation

1. Make sure the Range Extender is plugged into an outlet at all times.
2. Choose an outlet between your Base Station and some of the devices farthest from your Base Station.

You can move the Range Extender to another outlet as needed to expand the range of your Z-Wave network.

## IMPORTANT PRODUCT INFORMATION

Safety and Compliance Information Use Responsibly. Read all instructions and safety information at before use.

### SAFETY INFORMATION

#### **FAILURE TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN FIRE, ELECTRIC SHOCK, OR OTHER INJURY OR DAMAGE.**

Range Extender is for indoor use only. Do not expose your device to liquids. If your device or adapter gets wet, carefully unplug the device without getting your hands wet and wait for the device to dry completely before plugging it in again. Do not attempt to dry your device with an external heat source, such as a microwave oven or a hairdryer. If the device appears damaged, discontinue use immediately. To avoid the risk of electric shock, do not touch your device during a lightning storm.

**WATCH FOR SMALL PARTS.** Your device and accessories may present a choking hazard to small children. Keep them out of reach of small children.

**WARNING:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment should be installed and operated with a minimum distance 20 cm between the radiator & your body.

**CAUTION:** To reduce the risk of electrical shock, DO NOT open the unit. There are no user-serviceable parts inside the unit. Refer to customer support for any repairs.

## TERMS OF SERVICE AND WARRANTY

Use of the product is subject to your registration with Ring and your agreement with the Terms of Service found at [www.ring.com/terms](http://www.ring.com/terms). To review your warranty coverage, please refer to the enclosure inside this box or visit

[WWW.ring.com/warranty](http://WWW.ring.com/warranty).

## FOR USERS IN THE UNITED STATES

### **supplier's Declaration of Conformity -Compliance Information Statement**

Unique Identifier: Range Extender

Model: SAT258

FCC ID: 2AEUP5AT2S8

Responsible Party party issuing Supplier's Declaration of Conformity:

Ring LLC, 1523 26th Street Santa Monica, CA 90404

[www.ring.com/legal@ring.com](http://www.ring.com/legal@ring.com)

### **FCC Compliance Statement (for products subject to Part 15)**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including

interference that may cause undesired operation.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to a socket on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Pursuant to Section 1521 of the FCC rules, changes or modifications to a Product by the user that are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The device meets the FCC Radio Frequency Emission Guidelines. Information on the product is on file with the FCC and can be found by inputting such Product's FCC ID (which can be found on the device) into the FCC ID Search form available at <https://www.fcc.gov/oet/ea/fccid>. The party responsible for FCC compliance is Ring LLC, 1523 26th Street Santa Monica, CA 90404.

#### **FCC Radiation Exposure Statement**

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment and it also complies with Part 15 of the FCC RF Rules. This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provided with antenna installation instructions and consider removing the no-collocation statement.

#### **FOR USERS IN CANADA**

Innovation, Science and Economic Development Canada (ISED) Compliance This device contains license-exempt transmitter(s)/ receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions: 1. This device may not cause interference. 2. This device must accept any interference, including interference that may cause undesired operation of the device.

Information Regarding Exposure to Radio Frequency Energy This equipment complies with IC RSS-102 RF exposure limits are set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.
