Set up your Ring Bridge

Download the Ring app.

The app walks you through setting up and managing your Bridge.

Search for “Ring” in one of the app stores below, or visit: ring.com/app

Choose a good location.

The Bridge connects your Ring Smart Lights to the Ring app and the rest of your Ring devices.

For the best wireless range, place your Bridge near the area you plan to place your Smart Lighting, ideally by a window.

Plug it in.

Once you’ve decided on a good spot, plug the provided power supply into an outlet.

Connect the Bridge.

Then connect the power supply to your Bridge with the included USB cable.

Set up your Bridge in the Ring app.

In the app, tap Set Up a Device.

When prompted, select Smart Lights and follow the in-app instructions.

Set up your Ring Smart Lighting.

Since you have a Ring Bridge, you may have one or more Smart Lights.

Now that your Bridge is set up, it's time to set those up as well.

To get started, tap Set Up a Device, select Smart Lights, and follow the instructions in the app or the included manuals.
