RKI INSTRUMENTS GX-Force Portable Gas Detector

Product Information: GX-Force

The GX-Force is a versatile device designed for use in various applications. It is equipped with a power mode, bump/call feature, and the ability to confirm and use fresh air. The device requires a brief warm-up period before normal operation can begin.

Product Usage Instructions

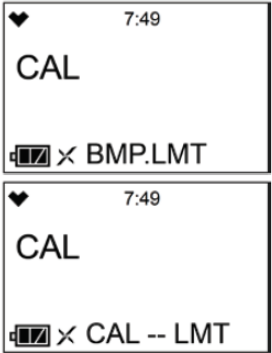

1. To turn on the GX-Force, press and hold the POWER MODE button.
2. To perform a bump or calibration, press the PAST DUE BUMP/CAL button.
3. To confirm and use fresh air, press and hold the AIR button.
4. After a brief warm-up period, the device will enter normal operation mode.
5. To turn off the GX-Force, press and hold the POWER MODE button.

Documents / Resources

The diagram shows a vertical stack of buttons on the left, representing the GX-Force Quick Reference Guide. The buttons are: Turn On Press & Hold, Fast Dual Bump CAL, Normal Operation, Breathe Air Press & Hold, and Turn Off Press & Hold. To the right of these buttons is a circular icon labeled 'POWER MODE'. Further right is a screenshot of the GX-Force device's display, showing various gas concentration readings (CO, H2, CH4, LEL, O2) and a 'CAL' button. To the right of the display is the main title of the user guide: 'RKI INSTRUMENTS GX-Force Portable Gas Detector [pdf] User Guide'. Below the title is a list of related products: 'GX-Force, GX-Force Portable Gas Detector, Portable Gas Detector, Gas Detector, Detector'.
