System Requirements

- High-Speed Internet is required for initial software download and activation
- System Admin privileges are required to receive software license updates

How to Activate to Install

Activating Your Product

1. Go to <https://www.saicloud.com> in your web browser.
2. Input the code in the Activation Code field in the SAI Cloud website and click Activate.
3. In the Login section, choose whether you are new or returning to the SAI Cloud and follow the instructions to download.

For details, watch this YouTube video for step-by-step installation instructions:

IMPORTANT

Each software license must be activated by the end-user and registered to the legal entity using the software, using their e-mail address. It is a crime to register to any other person or entity.
