6. Do not randomly discard or place the product near fire or high temperature to avoid the danger of explosion.

FCC

FCC statement

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

1. this device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, under Part 15 of the FCC Rules These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used per the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful

interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

FAQs

- **Q: How do I know when the speaker is fully charged?**
  - **A:** When charging, a red light will be on. Once fully charged, the red light will turn off.
- **Q: What should I do if the Bluetooth pairing fails?**
  - **A:** Make sure the speaker is in pairing mode (blue light fast flash) and try again. You can also check if there are any other devices connected to the speaker.
- **Q: Can I use this speaker for hands-free calling?**
  - **A:** Yes, you can answer and end calls with a single click on the speaker.
