### Inch UHD Standalone Smart Signage Display

\* The color and the appearance may differ depending on the product, and the content in the manual is subject to change without prior notice to improve the performance.

\* Download the user manual from the following Samsung Website for further details.

<http://www.samsung.com/displaysolutions>

Checking the Components

1. Quick Setup Guide
2. Warranty card (Not available in some locations)
3. Regulatory guide
4. Power cord
5. Batteries (AAA x 2) (Not available in some locations)
6. Remote Control
7. RS232C adapter

Contact the vendor where you purchased the product if any components are missing.

Components may differ in different locations.

### Parts

1. Remote sensor  
Press a button on the remote control pointing at the bottom of the product face to perform the function. The remote control sensor is located on the bottom of the product.  
\* Using other display devices in the same space as the remote control of this product can cause the other display devices to be inadvertently controlled.
2. Power button
3. Power indicator

## Troubleshooting Guide

### Issues

- The screen keeps switching on and off.
- No Signal is displayed on the screen.

### Solutions

- Check that the cable between the product and the PC is connected correctly.
- Check that products (including source devices) are connected correctly with a cable.
- Check that the source device connected to the product is powered on.
