**DDR-66BT Internet Radio CD Player Internet DAB+ FM CD**

**Product Information**

The DDR-66BT is an all-in-one tabletop musical system with multiple features including DAB+/FM-RDS/Internet Radio/CD/USB/SD/AUX/Bluetooth connectivity. The product comes in a stylish walnut wooden cabinet and is manufactured by De Sondert, a company based in Venlo, Netherlands.

- **Radio:** The system is equipped with DAB+/FM-RDS/Internet Radio that allows you to access a wide range of radio stations.
- **CD Player:** The built-in CD player enables you to play your favorite CDs.
- **USB/SD/AUX:** The product comes with USB/SD/AUX ports that allow you to connect external devices such as smartphones, tablets, and MP3 players.
- **Bluetooth:** The system is equipped with Bluetooth connectivity that enables you to stream music wirelessly from your Bluetooth-enabled devices.

For more information about the product, you can visit the manufacturer's website at [www.sangean.eu](http://www.sangean.eu) or contact them via email at [sales@sangean.eu](mailto:sales@sangean.eu) or phone at +31-77-3829344.

## Product Usage Instructions

1. Power on the DDR-66BT by pressing the power button located on the front panel of the product.
2. To access DAB+/FM-RDS/Internet Radio, press the "Radio" button on the front panel. Use the tuning knob to browse through the available stations and select your desired station.
3. To play a CD, insert the CD into the CD player located on the top of the product. The CD will start playing automatically.
4. To connect an external device via USB/SD/AUX, plug in the device into the corresponding port located on the back of the product. Use the "Source" button on the front panel to select the desired mode (USB/SD/AUX).
5. To connect a Bluetooth-enabled device, activate Bluetooth on your device and search for available devices. Select "DDR-66BT" to pair with the system. Once paired, you can stream music wirelessly from your device.

The DDR-66BT, the SANGEAN's flagship all-in-one music system that offers many possibilities, such as internet radio, DAB+ and FM radio, Spotify streaming, Bluetooth audio streaming, music via CD player or playing MP3 files from different media sources. As SANGEAN's tradition, its excellent sound comes from the acoustically matched wooden housing with an elegant design. In addition to radio and audio streaming, the DDR-66BT is able to play music in MP3/AAC/WMA formats through USB drive, SD card or CDs. That's not it, the SD card and USB can also be used for recording purposes. Thanks to the elegant wooden case, it reproduces all frequency ranges cleanly, delivering clear heights and depths in bass. If you are still not completely satisfied, the DDR-66BT allows you to adjust the EQ to your liking in order for you to take full advantage of the sound capabilities and to meet your personal unique taste in the World of Listeners.
