Interface	USB	Connector	USBA
Size-Weight	W1 4.8 x D18.5 x H6.1mm·approx.2g		

## Method of Charging

### Keyboard

### Mouse

## Keyboard and Mouse Setup

1. With the computer turned on (after Windows has started completely), connect the USB connector of the receiver to the USB port of the computer.
2. The “Add New Hardware Wizard” will appear on the screen.
3. The required drivers will be installed automatically in a few minutes.  
\* After the “Add New Hardware Wizard” disappears from the screen, the installation will continue for a while (about 1 minute). Please wait until the operation of the hard disk has stabilised.
4. The USB receiver has now been recognised.

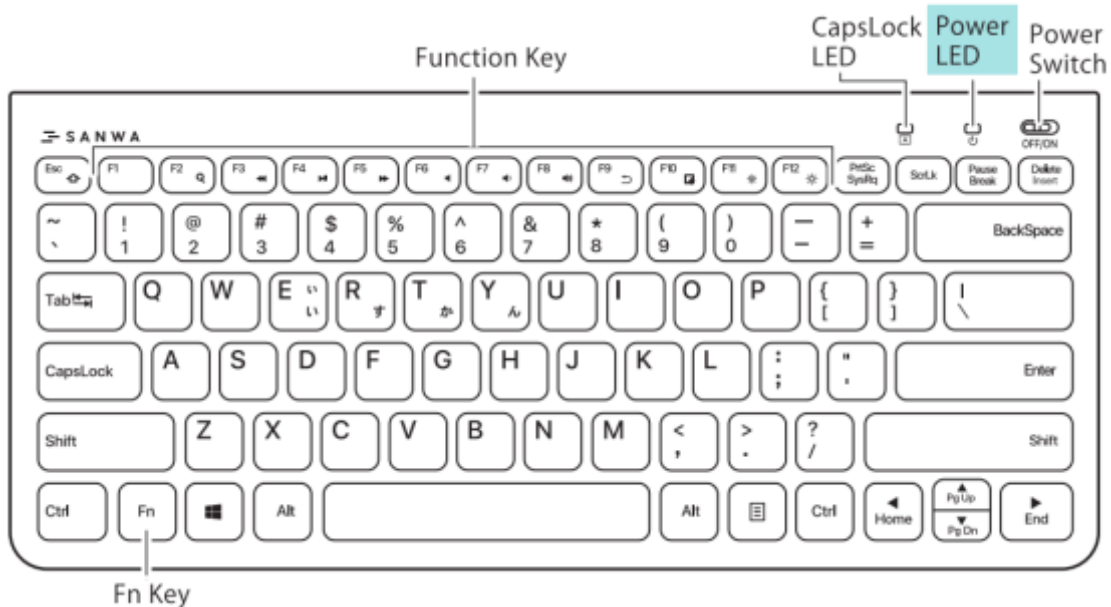

## Keyboard Pairing Method

This product is shipped pre-paired at the factory.

If the unpairing causes and the keyboard does not work, please reset it by the following method.

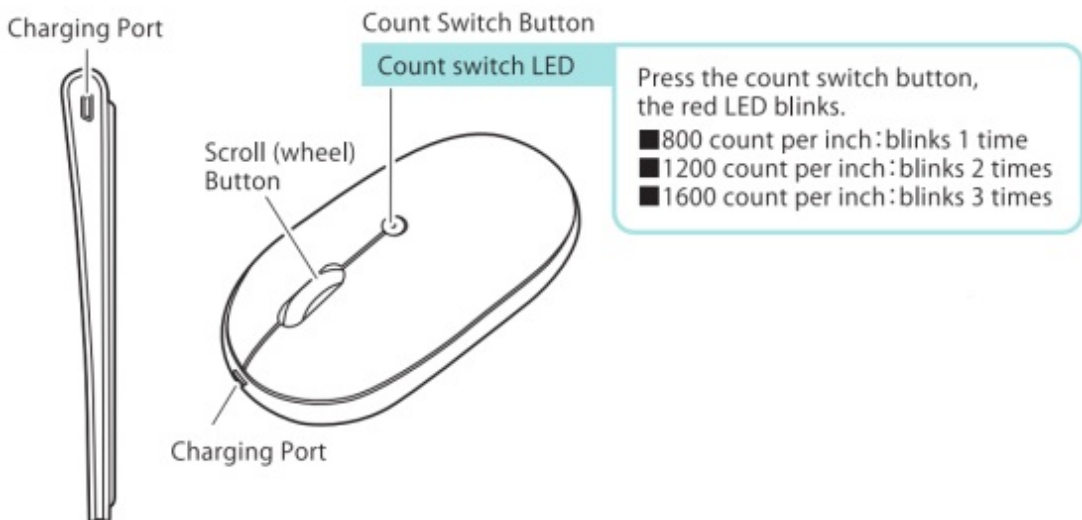

1. Turn on the keyboard power with the receiver unplugged.
2. Press and hold the “Esc” and “Q” keys at the same time, the power LED flashes green.
3. Connect the receiver to the computer. When the LED stops flashing, the pairing is complete.

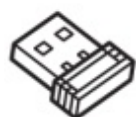

## Main buttons and LED display
