SATECHI DOCK5 Multi Device Charging Station

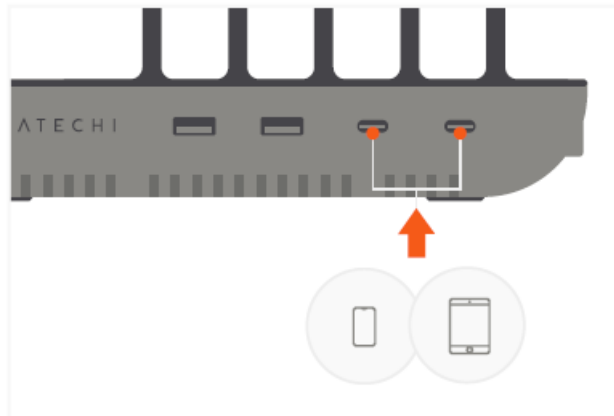

INSTALLATION INSTRUCTIONS

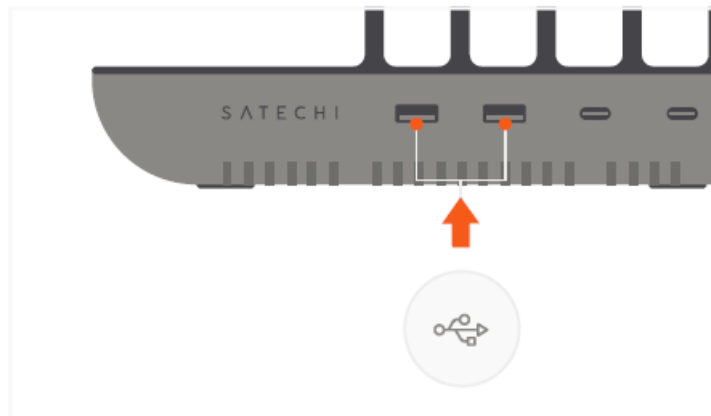

1. Connect the power cord to the Dock 5 Charging Station and plug it into a wall outlet.

2. Connect USB-C smartphones or tablets to its two USB-C PD charging ports. Up to 20W each

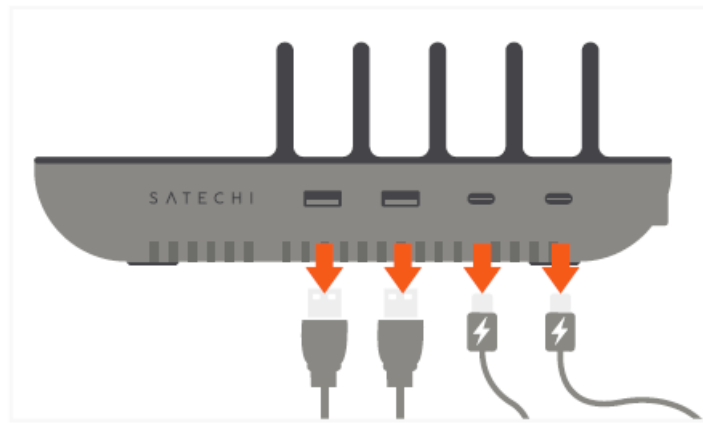

3. Connect USB-A devices to its two USB-A charging ports. Up to 12W each

4. Use the built-in wireless charging pad to power a Qi-enabled device. LED light will illuminate when device is charging. Up to 10W

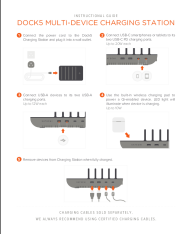

5. Remove devices from Charging Station when fully charged

CHARGING CABLES SOLD SEPARATELY.
WE ALWAYS RECOMMEND USING CERTIFIED CHARGING CABLES.
