SATECHI W2 Slim Wired Backlit Keyboard

Safety Instructions

Warning: Fire, electric shock, damage to keyboard device could occur if the following instructions are not obeyed

1. Keep away from microwave radiation source
2. Do not place heavy objects on this product
3. No dropping and bending
4. Keep away from oil, chemical, or organic solvents

FAQS

- What if I don't have a Type-C port,onlyType-A?

You can always use a Type-A to Type-C adapter

- Does the keyboard come with different color light options?

Unfortunately, the keyboard is only equipped with a white backlight. However, you are able to cycle through 3 different brightness options

- Will this work on a Windows computer or with my Surface tablet?

The keyboard will be compatible with your Windows device. Please be advised that the HotKey labels were designed for Apple so they may not correspond with your Windows device.

FCC STATEMENT

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the Federal Communications Commission (FCC) rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reconnect or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. Changes or modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment.

DECLARATION OF CONFORMITY

Satechi declares that this product is in compliance with the essential requirements and other relevant provisions of applicable EC directives. For Europe, a copy of the Declaration of Conformity for this product may be obtained by visiting www.satechi.net/doe
