03.6123C

CAS BATTERY
18V 5.2 Ah
03.6121

CAS CHARGER
03.6122

WARNING

- Always respect applicable legislation for working with electrical equipment in order to reduce the risk of accidents.
- Avoid looking directly into the beam of light, as this will result in dazzling.
- Do not use the lamp near a naked flame.
- The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.
- Luminaire is only suitable for direct mounting on non-combustible surfaces.

USB POWER OUTLET

- Built-in USB power outlet to charge mobile devices.
- Output: 5V, 1A

USE

- To turn the lamp on or off, press the A button.
- To increase the brightness, press the B button.
- To decrease the brightness, press the C button.
- When the brightness level is changed, the new value is saved, and the lamp will start at that level the next time it is turned on.

BATTERY COMPLIANCE

- The work light is designed to be used with Metabo CAS batteries.
- The lamp is also compatible with 3rd party 18V/20V batteries by using the SCANGRIP CONNECT system.
- It will accept the following battery voltages; 18V/20V.
- It is possible to use a Scangrip power supply instead of a battery.

WARNING – RISK OF FIRE

Minimum distance from lighted objects 0.1m

Discarded electrical products must not be disposed of together with household waste. Please use recycling facilities. Ask your local authority or retailer for advice on recycling.
