**SCANGRIP 03.6100C Nova 2 Connect Compact Floodlight**

## Product Information: NOVA 2 CONNECT

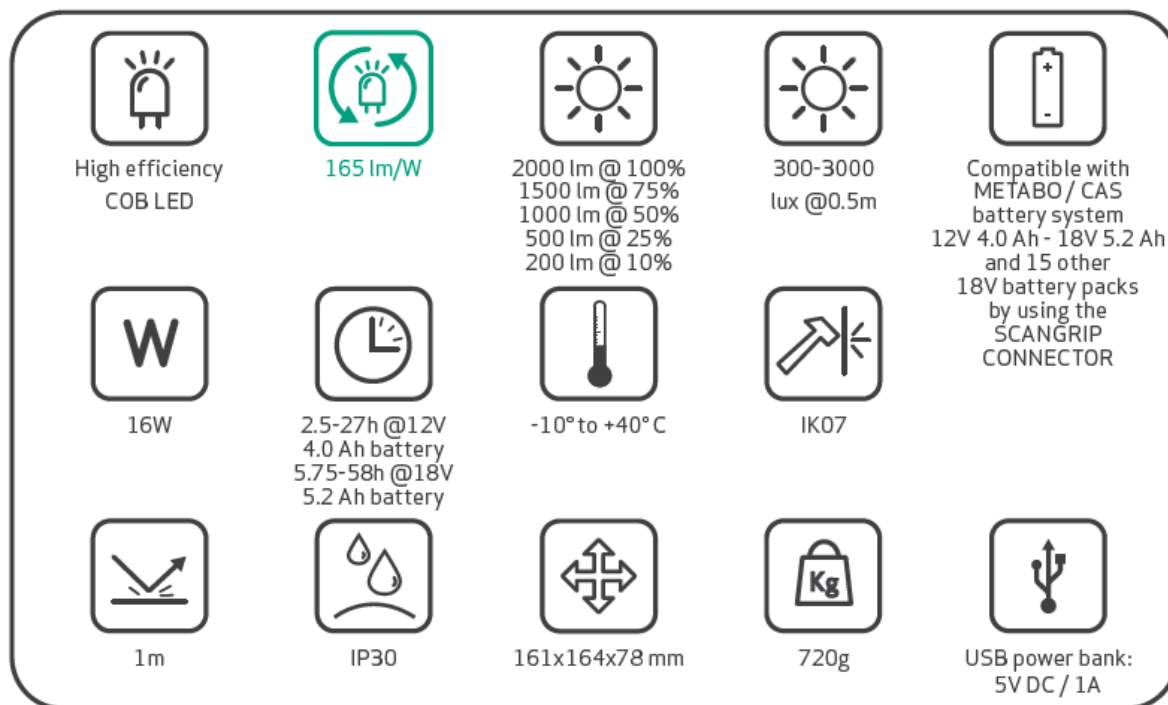

The NOVA 2 CONNECT is a high-efficiency COB LED work light with a built-in power bank and USB outlet to charge mobile devices. It has a maximum brightness of 2000 lm @ 100% and a battery life of up to 27 hours at 12V 4.0 Ah battery and up to 58 hours at 18V 5.2 Ah battery. It is compatible with METABO / CAS battery system 12V 4.0 Ah – 18V 5.2 Ah and 15 other 18V battery packs by using the SCANGRIP CONNECTOR. It has an IK07 rating, is 161x164x78 mm in size, and weighs 720g.

## Product Usage Instructions:

- **Step 1:** Add the connector matching your battery pack.
- **Step 2:** To turn the lamp on or off, press the A button.
- **Step 3:** To increase the brightness, press the B button. To decrease the brightness, press the C button.
- **Step 4:** When the brightness level is changed, the new value is saved, and the lamp will start at that level the next time it is turned on.
- **Step 5:** The lamp is also compatible with 3rd party 18V batteries by using the SCANGRIP CONNECT system. It will accept the following battery voltages; 12V and 18V. It is possible to use a Scangrip power supply instead of a battery.

**Warning:** Always respect applicable legislation for working with electrical equipment in order to reduce the risk of accidents. Avoid looking directly into the beam of light, as this will result in dazzling. Do not use the lamp near a naked flame. The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced. Luminaire is only suitable for direct mounting on non-combustible surfaces. The minimum distance from lighted objects should be 0.1m. Discarded electrical products must not be disposed of together with household waste. Please use recycling facilities. Ask your local authority or retailer for advice on recycling.
