**Consent** Review and change your consent to gathering of analytical and crash data.

**Web Site** Press to access our web site.

**Privacy policy** Press to read the privacy policy.

**Help** Press to access the support page

## Scanning and connecting

### Lamp status

Is shown when an active connection is made. Displays power status and if the lamp has PIN lock enabled.

### Select up to 4 lamps

Select a lamp by pressing their name or the yellow selection dot.

### Control > Lamp

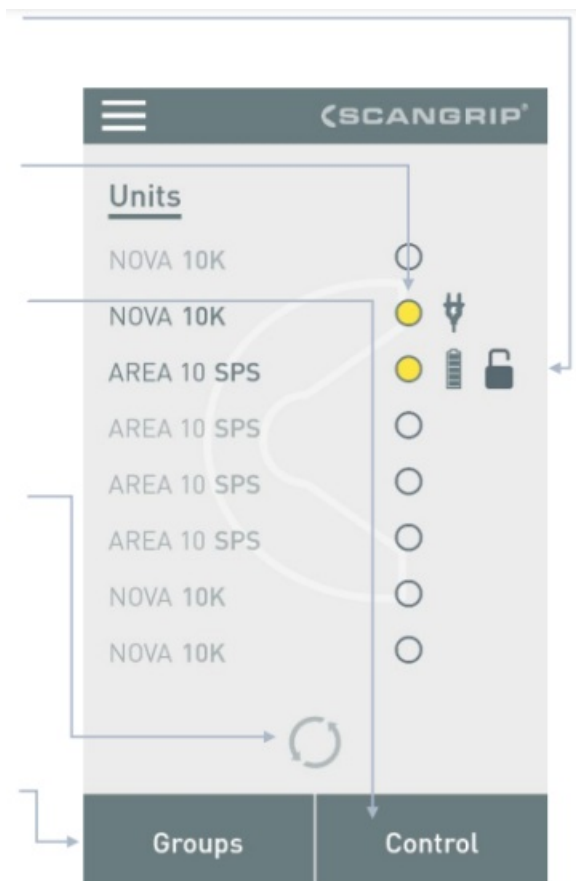

Press "Control" and select a lamp to control one of the connected lights.

### Refresh/Scan

Press the update icon or swipe down to update the list of lamps.

### Groups

Press "Groups" to access Groups screen. Can also be accessed by swiping to the left.

**NOTE:**

If the lamp or no lamps can be found on Android, check that location data (GPS) is enabled and the app has permission to access location.

## Group function

### Units screen

#### Select up to 4 lamps

Select a lamp by pressing name or the yellow selection dot.

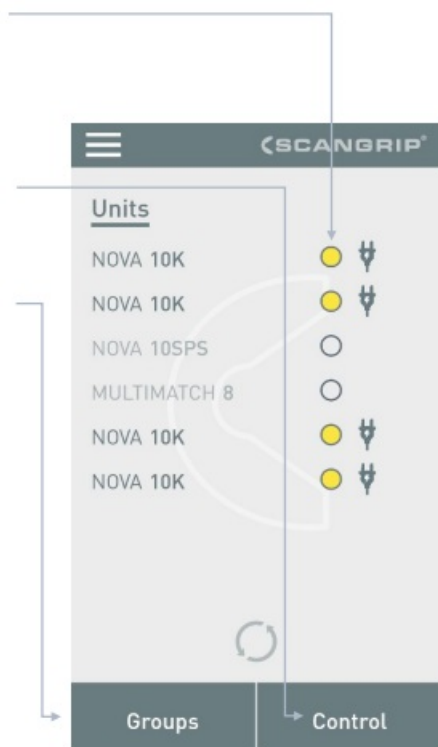

NOVA 10K and NOVA SPS lamps can be grouped, other models can only be grouped with lamps from the same series.

#### Control -> Create group

Press "Control" and select "Create group" to create a group with the connected lights.

### Groups
