### Schelinger G9-1P Overcurrent Circuit Breaker

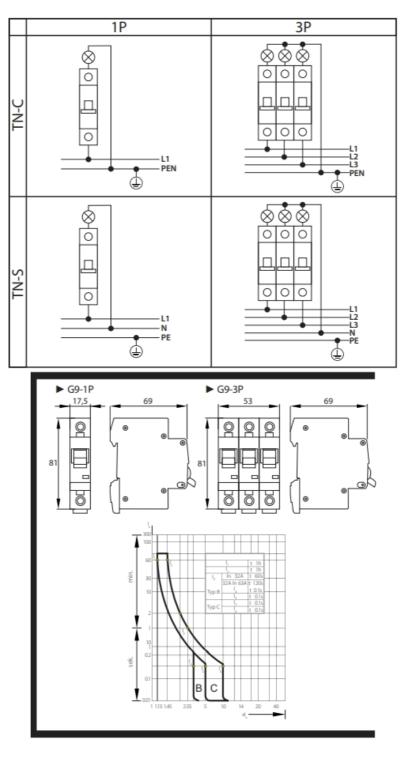

### **Specifications**

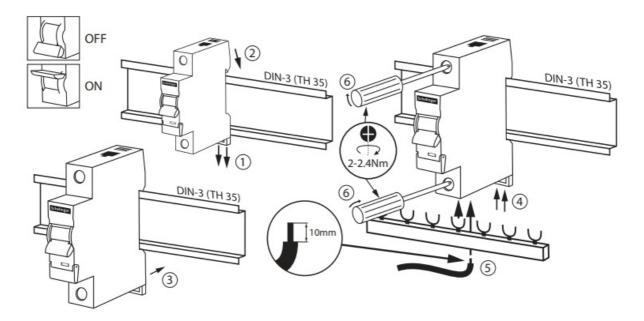

- 1. Rated voltage, frequency.
- 2. Work characteristics.
- 3. Rated current.
- 4. Rated short circuit breaking capacity.
- 5. Energy restriction class.
- 6. International Protection Rating.
- 7. Mechanical strength.
- 8. Rated insulation voltage.
- 9. Rated surge voltage.
- 10. Caution, risk of electric shock.
- 11. For internal use.
- 12. Terminal capacity.
- 13. Working temperature.

Waste electrical products should not be disposed with household waste. Please recycle where facilities exist. Check with Your Local Authority or retailer for recycling advice.

# **Installation instructions**

### **Security**

Before mounting, read the instructions and disconnect the power supply. Installation should be performed by a qualified user authorized to mount electrical devices, depending on the applicable regulations in a given country, in accordance with the mounting diagram. Modifications to the product may cause a threat and loss of warranty. Use protection against frost when working below 0 ° C.

#### **Maintenance**

All maintenance work should be carried out after disconnecting the power supply. The product temperature may rise to an elevated value. Before commencing maintenance, make sure that the product temperature is safe to handle. Guarantee unrestricted air supply, do not cover the product. Use dry and delicate materials for cleaning. Do not use chemical agents. Product not adapted to work in an environment with unfavorable conditions, i.e., high dustiness/humidity, water, explosive zones, vibrations, chemical fumes.

#### Recommendations

Failure to follow the instructions in the manual may result in a fire, electric shock, burns or other damage. Bemko sp. O.o. is not responsible for failure to comply with the above recommendations. We also reserve the right to make changes to the manual – the current version is available at www.bemko.eu.

### **Frequently Asked Questions**

• Q: What should I do if the product malfunctions?

A: In case of malfunction, refer to the troubleshooting section in the user manual or contact customer support for assistance.

Q: Can this product be used outdoors?

A: This product is recommended for indoor use only as specified in the manual.

Q: Is professional installation required?

A: It is recommended to have the product installed by a qualified electrician to ensure safety and proper functioning.
