Strike
℄

.375" (10)

1.063" (27)

1.125" (29)

1.031" (26)

.531" (13)

1.718" (44)

1.563" (40)

.156" (4)

.625" (16)

3.875" (99)

1.250" (32)

.625" (16) three places

Lock ℄

2.750" (70 mm) Backset

1.000" (25)

.375" (10) two places

3. Refer to Template LG1 for accurate case and strike dimensions.

Door Preparation

Use the provided door preparation template LG216 for accurate hole placements for the deadbolt, auxiliary latch, and latch bolt. Follow the measurements closely for proper installation.

Wire Routing

Refer to Template LG1 for information on preparing the door for wire routing. Ensure that any wiring is done neatly and does not obstruct the functionality of the lock.
