This manual is an integral part of your product. Keep it in a safe place for future reference. Use the equipment only for its intended purpose. The appliance should not be exposed to dripping or splashing water. No objects filled with liquids, such as vases, should be placed near the appliance. Do not clean the appliance with abrasive or corrosive substances. Only use a soft cloth. Do not let children play with the product or with the packagings.

Don't throw out of order products with the household waste (garbage). The dangerous substances that they are likely to include may harm health or the environment. Make your retailer take back these products or use the selective collect of garbage proposed by your city.

$\sim$

IP 55 :

- Atternating current
- Model class II
- The chime is for indoor use only
- The outdoor unit is protected against harmful dust deposits and water jets from any direction/
