A- SAFETY INSTRUCTIONS

This manual is an integral part of your product.

These instructions are provided for your safety. Read this manual carefully before installing and keep it in a safe place for future reference. Select a suitable location. Make sure you can easily insert screws and wall plugs into the wall. Do not connect your electrical appliance until your equipment is totally installed and controlled. The installation, electric connections and settings must be made using best practices by a specialized and qualified person. The power supply must be installed in a dry place. Check the product is only used for its intended purpose.

B- DESCRIPTION

B1- Content/ Dimensions

B2- Components

C- WIRING/ INSTALLING

C1- Installing

Indoor monitor

C2- Wiring diagram

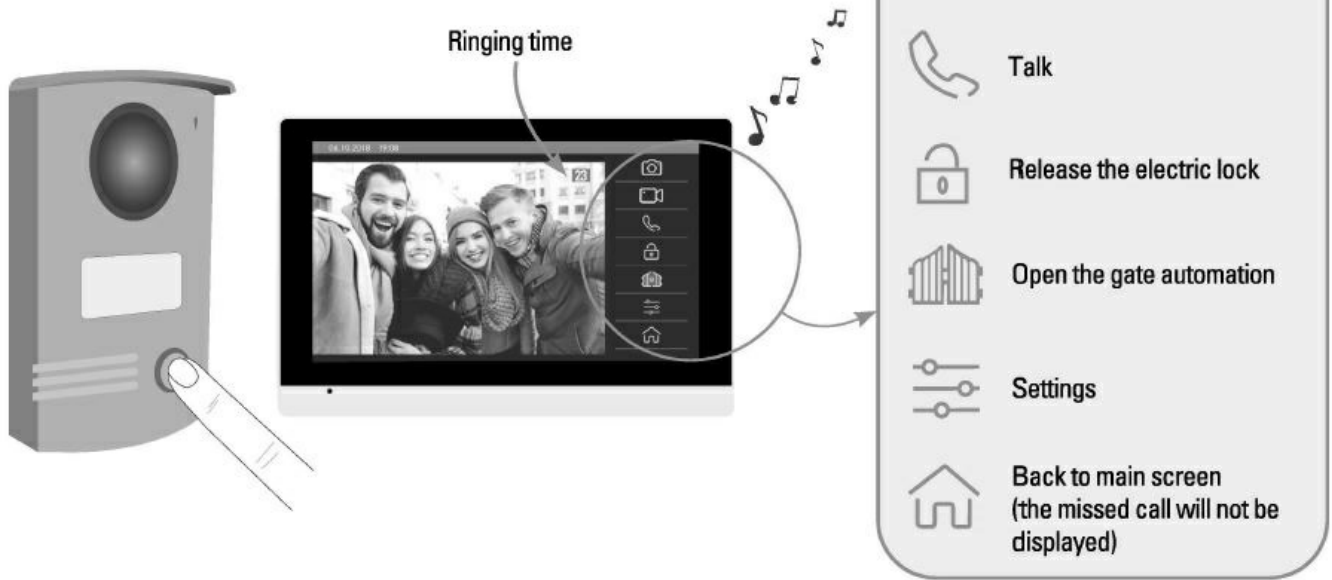

D- USING

D1- Call from the outdoor station

The monitor can take up to 15 seconds to turn on.
Do not operate the door station until the home screen appears on the monitor.

D2- Main screen

Exit the standby mode, only touching the screen.

 Missed call (please click the photo or video icon to remove the missed call icon)

 Photos display

 Videos display
(active if there is a micro SD card)

 Intercom

 Select if the device takes a photo and/or video for each call

 Mute (this icon will be displayed on the top if the silent mode is selected)

 Camera view / Monitoring

 Settings

 Standby mode
(the screen switch off automatically after 1 minute)

D3- Intercom function

You can connect up to 2 additional monitors to the same outdoor station and talk to another monitor. Press call icons to start/end the call.

Answer / End a call

D4- Display

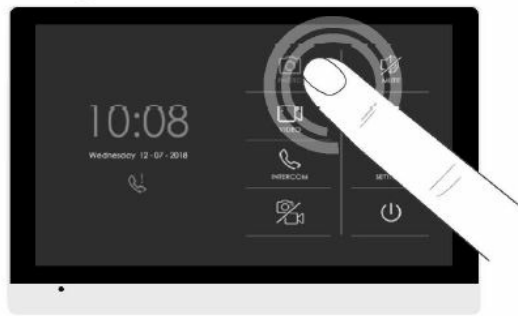

1/ When a monitor is talking to the outdoor unit, the «intercom» «screen» and «camera» functions of the other monitors will be gray, which means that those functions cannot be used temporarily.

2/ When a monitor is talking to another monitor, the «intercom» «screen» and «camera» functions of the other monitors will be gray, which means that those functions cannot be used temporarily.

External memory capacity (photos or videos)	MicroSD card (4 GB - 32 GB class 4 - 10) MicroSD card must be formatted by monitor before using
Connection with additional monitor	Support 2 additional monitors

Adapter

Model identifier	SH-6000-15V-1A
Input voltage	110-240V AC
Input AC frequency	50/60Hz
Output voltage	15V DC
Output current	0.8A
Output power	12W
Average active efficiency	84.56%
Efficiency at low load (10%)	77.15%
No-load power consumption	0.065W

G-WARRANTY

SCS Sentinel grants to this product a warranty period, beyond the legal time, as a sign of quality and reliability.

The invoice will be required as proof of purchase date. Please keep it during the warranty period. Carefully keep the barcode and the proof of purchase, that will be necessary to claim warranty.

H-WARNINGS

- Maintain a minimum distance of 1 D cm around the device for sufficient ventilation.
- Be sure that the device is not blocked by paper, tablecloth, curtain or other items that would impede airflow.
- Keep matches, candles and flames away from the device.
- Product functionality can be influenced by a strong electromagnetic interference.
- This equipment is intended for private consumer use only.
- The appliance should not be exposed to dripping or splashing water; no objects filled with liquids, such as vases, should be placed near the appliance.
- The mains plug is used as disconnect device and shall remain readily operable during intended use.
- The monitor and the adapter must only be used indoors.
- Connect all the parts before switching on the power.
- Only connect your appliance using the provided adapter.
- Do not cause any impact on the elements as their electronics are fragile.
- Do not block the microphone.
- When installing the product, keep the packaging out of reach of children and animals. It is a source of potential danger.
- This appliance is not a toy. It is not designed to be used by children.

 Disconnect the appliance from the main power supply before service. Do not clean the product with solvent, abrasive or corrosive substances. Only use a soft cloth. Do not spray anything on the appliance.

 Make sure that your appliance is properly maintained and regularly checked in order to detect any sign of wear. Do not use it if a repair or adjustment is needed. Always call on qualified personnel.

 Don't throw out of order products with the household waste (garbage). The dangerous substances that they are likely to include may harm health or the environment. Make your retailer take back these products or use the selective collect of garbage proposed by your city.

 Direct current

 Alternating current

 Model class II

 The monitor is for indoor use only
