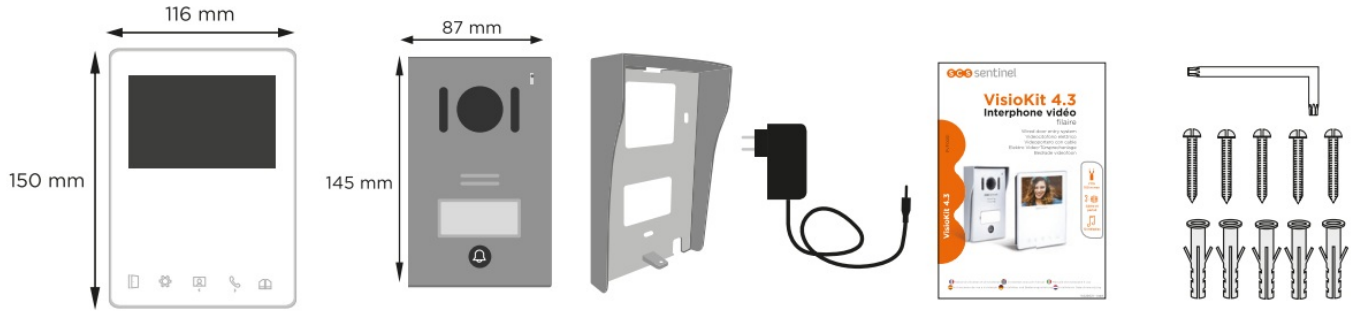
## scs sentinel Visiokit 4.3 2 Wire Video Intercom

## SAFETY INSTRUCTIONS

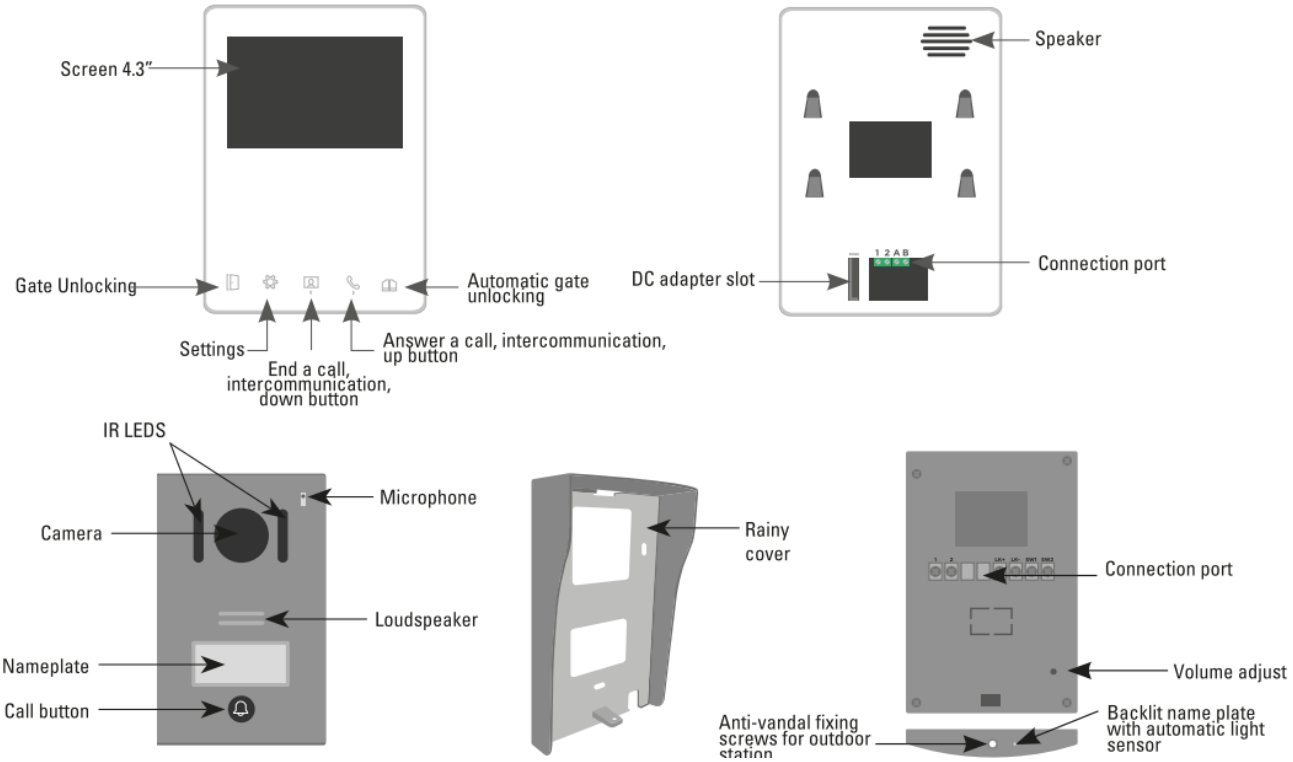
This manual is an integral part of your product. These instructions are provided for your safety. Read this manual carefully before installing and keep it in a safe place for future reference. Select a suitable location. Make sure you can easily insert screws and wallplugs into the wall. Do not connect your electrical appliance until your equipment is totally installed and controlled. The installation, electric connections and settings must be made using best practices by a specialized and qualified person. The power supply must be installed in a dry place. Check the product is only used for its intended purpose.
The function of this videophone is to identify a visitor, it must not be used for street surveillance. The use of this installation must be in compliance with the French law n° 78-17 of January 6, 1978 relating to data processing, files and freedoms. It is up to the buyer to ask the CNIL about the conditions and administrative authorisations required for use outside a strictly personal context. SGS Sentinel cannot be held responsible in case of use of this product outside the laws and regulations in force.

## DESCRIPTION

### Content/ Dimensions

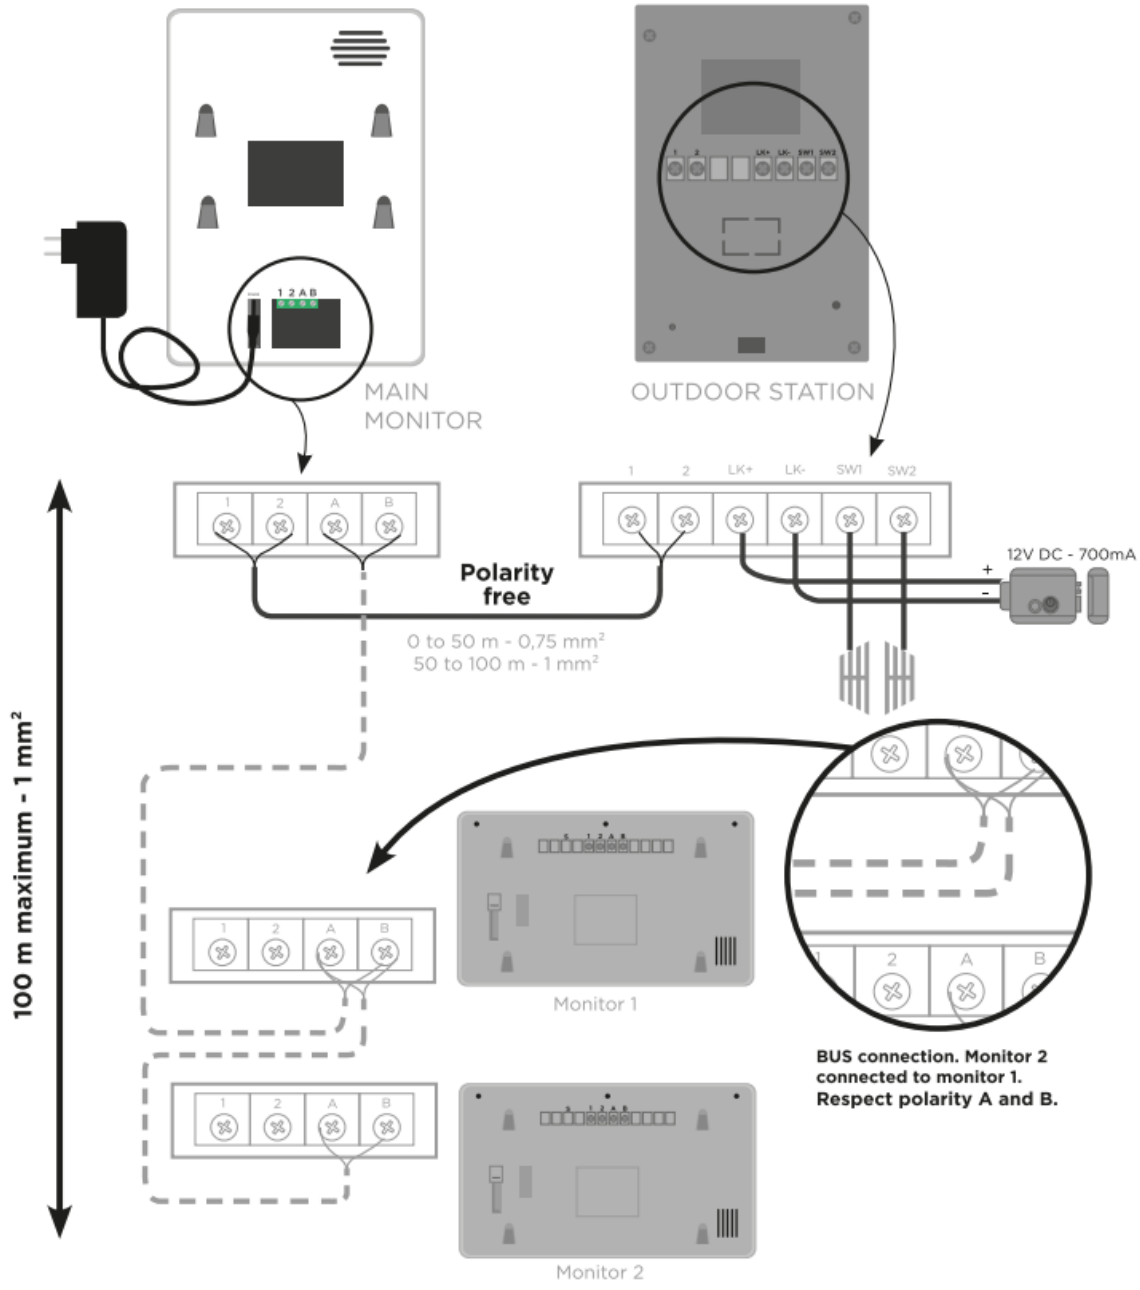


### Components



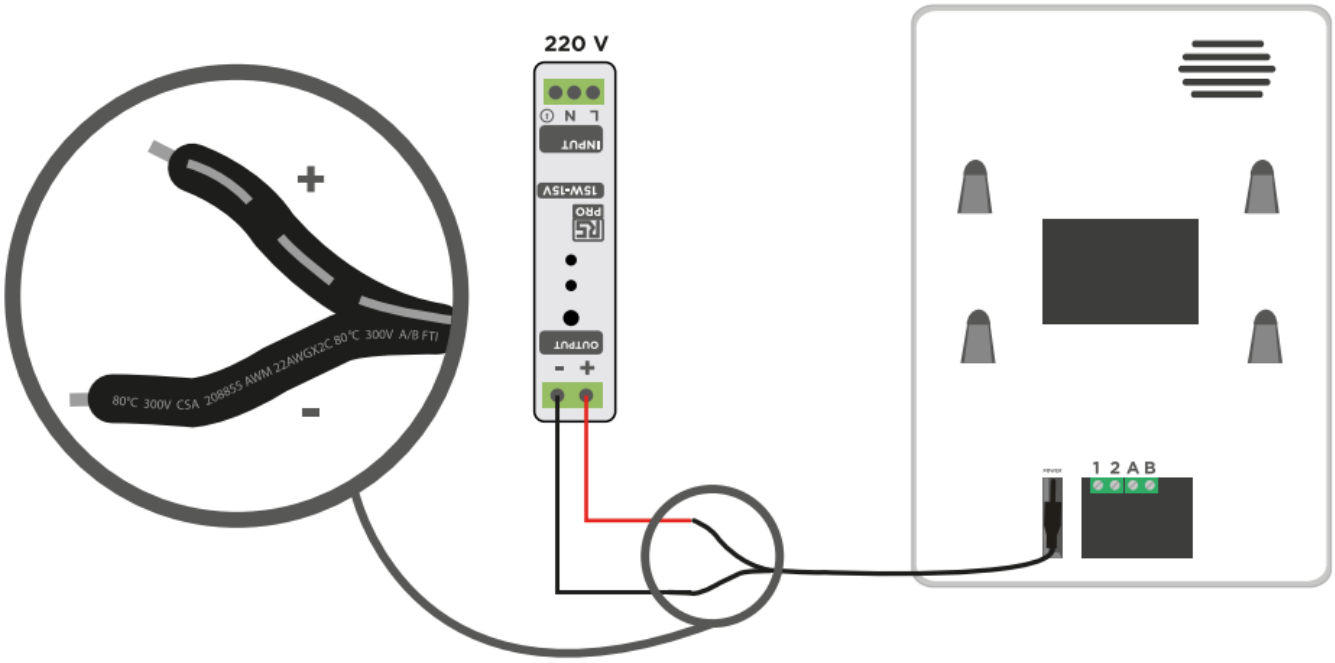
## WIRING/ INSTALLING

### Wiring diagram



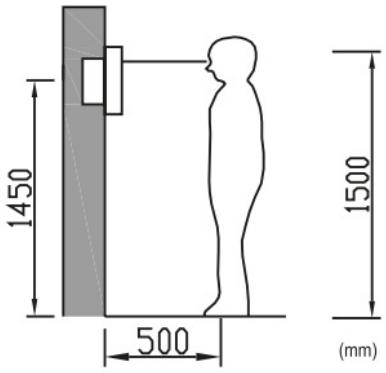
You can directly connect the monitor to your electrical panel via a 15V DC O,BA (minimum) «rail DIN» transformer. Electrical knowledges are necessary, in this case. Please contact a professional.

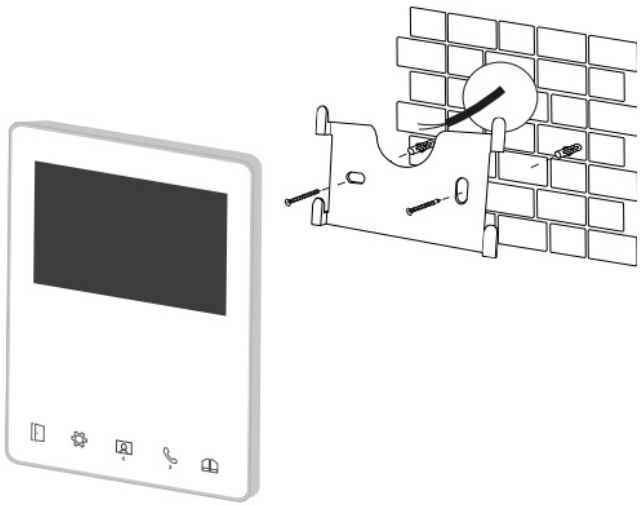
**BE CAREFUL:** RESPECT THE POLARITY ! The wire with the gray strokes should be positioned on the+.
The wire with the writes must be positioned on the-.



**Installing**

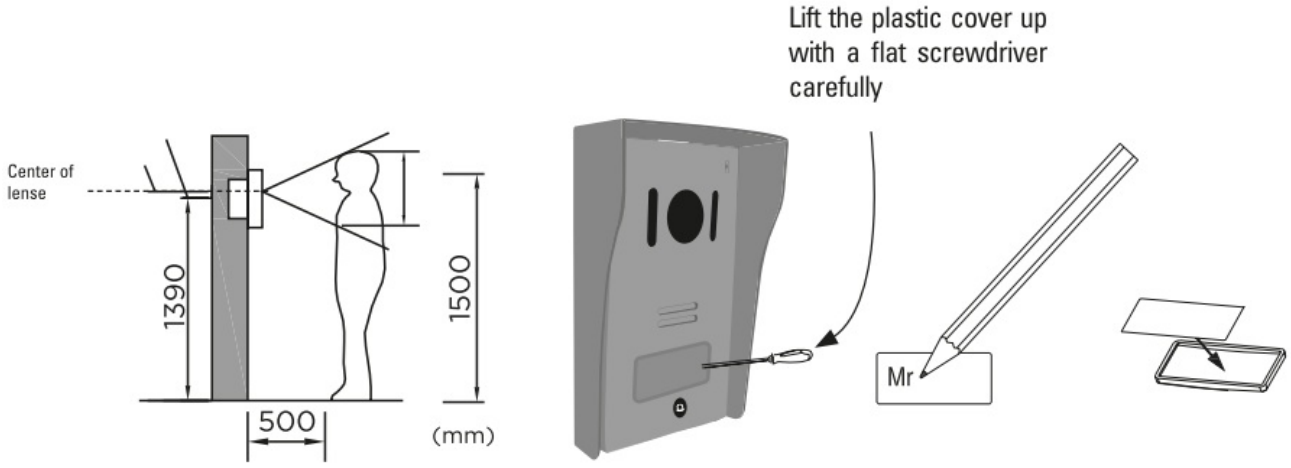
**Indoor monitor**

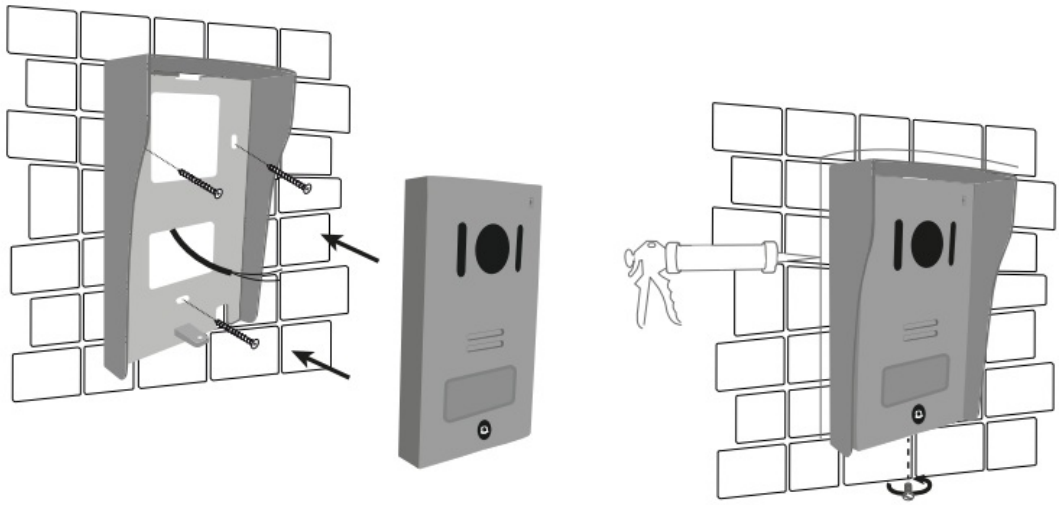




**Outdoor station**

Installation in a porch or covered area is recommended. Avoid the camera lens coming into direct contact with the sun’s rays.

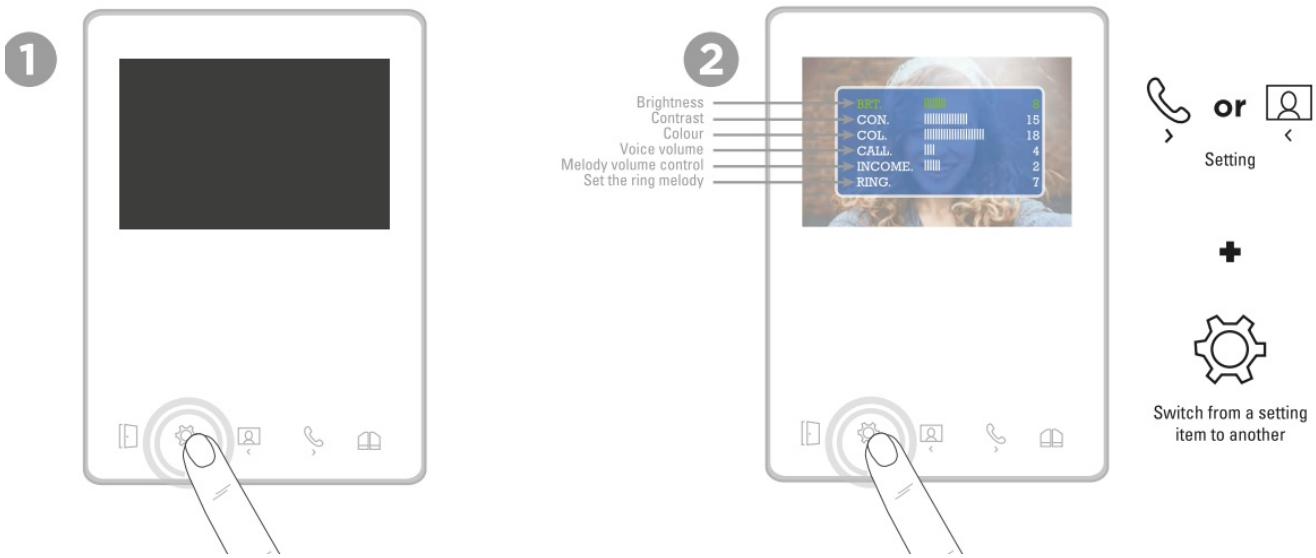




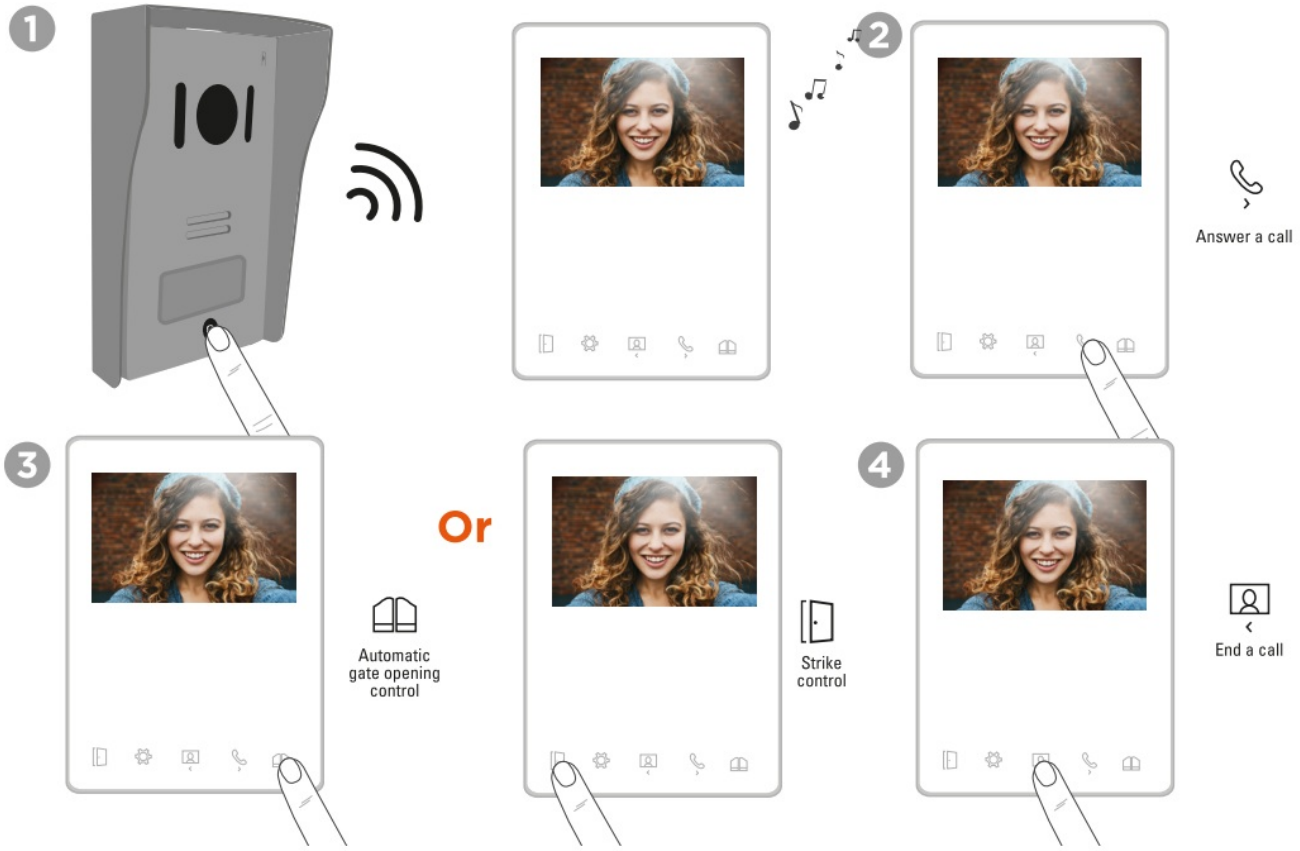
After installing and test, place a transparent acid free silicone seal at the top and on the sides of the door station (not at the bottom) to avoid any risk of infiltration.

## USING/ SETTINGS

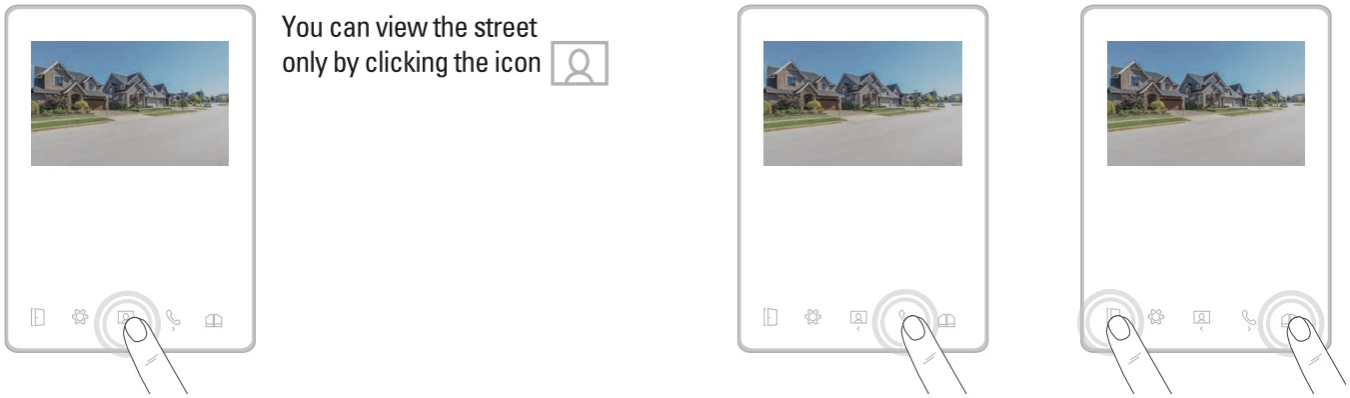
### Settings



### Call from the outdoor station



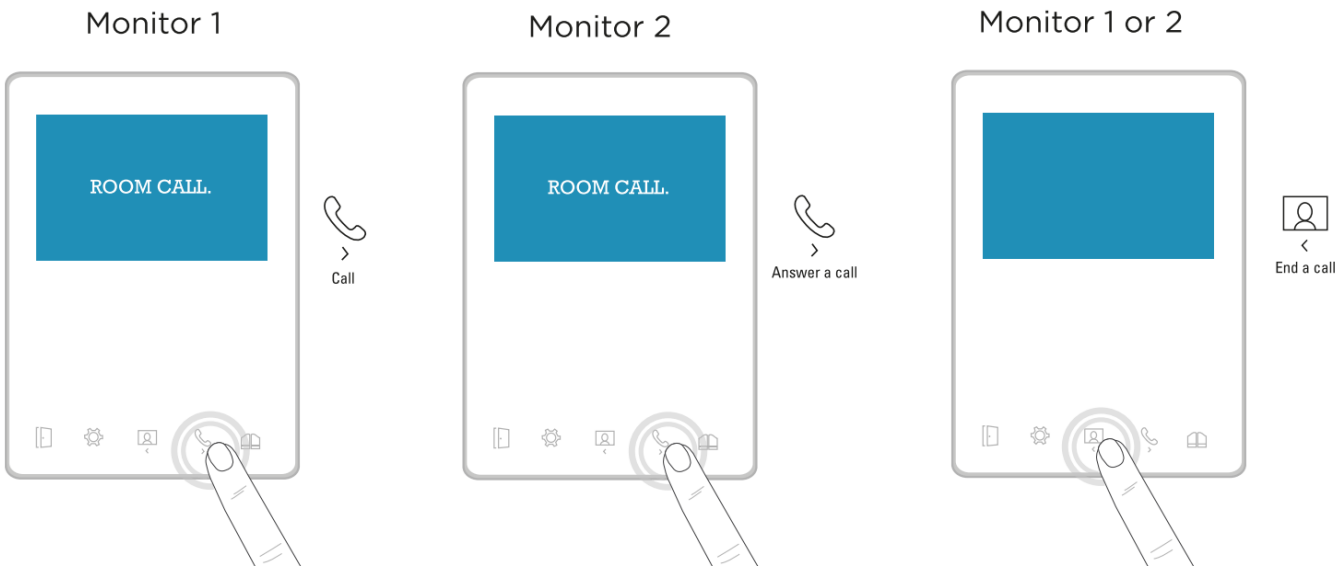
**Camera display**



If you wish to open the gate or door, first click on the telephone icon and then on the gate or door icon.

**Intercom function**

You can connect up to 3 monitors to the same outdoor station and talk to another monitor.



## TECHNICAL FEATURES

### Indoor monitor

- Power supply DC 15V / 0,BA (with adapter)
- Screen 4.3 inch digital TFT LCD
- LCD resolution 480 x 272 pixels

### Outdoor station

- Material Aluminium front
- Night vision IR LED
- Operation temperature -5 ~ 50°c
- Angle view 90°
- Protection rating IP55

### Adapter

- Model identifier SH-7000-15V-1A
- Input voltage 110-240V AC
- Input AC frequency 50/60Hz
- Output voltage 15VDC
- Output current 0.8A
- Output power 12W
- Average active efficiency 84.03%
- Efficiency at low load (10%) 78.41%
- No-load power consumption 0.084W
