**SCULPFUN iCube Series Filter Cotton**

## Filter cotton replacement

1. Unscrew the four screws on the left and right sides as shown in the picture
2. Please carefully disassemble the baffle. There is a buzzer wire behind the baffle.  
Be careful not to tear it.
3. Put in activated carbon and filter cotton in sequence
4. Align the baffle with the hole and tighten the screws

**Tips:** Please watch our YOUTUBE channel for detailed replacement video tutorials.

## Main Features

1. **Efficient Filtration:** A set includes filter cotton and activated carbon. The filter cotton can filter out the fine wood dust generated during the engraving and cutting processes, and the activated carbon can effectively absorb pungent odors.
2. **Easy Installation:** Designed for convenient installation, it allows for quick replacement of the filter cotton, saving your time and effort.

## Packing List

- Filter Cotton Set \* 5

**Note:** one set contains one cotton filter + one activated carbon
