SAFETY

WARNING! Ensure Health & Safety, local authority, and general workshop practice regulations are adhered to when using this product.

- ✓ Locate product in a suitable working area.
- ✓ Keep the work area clean, uncluttered and ensure there is adequate lighting.

WARNING! Use product on level and solid ground, preferably concrete. Avoid tarmacadam since the product may sink into the surface.

- ✓ Keep the product clean and tidy in accordance with good workshop practice.
- ✓ Keep children and unauthorised persons away from the working area.
- × DO NOT use the product for any purpose other than that for which it is designed.
- × DO NOT exceed maximum capacity of product.
- × DO NOT undertake work on the product without the work piece being adequately secured. Use clamps or a vice (not included) to secure the work piece. Available from your Sealey stockist.
- × DO NOT use the product outdoors.
- × DO NOT get the product wet or use in damp or wet locations or areas where there is condensation.
- × DO NOT clean the product with any solvents which may damage the paint surface or the protective coating.

INTRODUCTION

The Sealey modular racking system is finished with a heavy-duty textured powder coat to prevent against rusting. Simply choose your base, middle and top units and push together using nylon connectors to create versatile storage for the workshop, garage, home or office. All drawers have ball-bearing drawer slides for smooth operation and cupboard doors are fitted with spring-loaded hinges allowing them to be fitted the side that suits your environment. Buy individually (see specific model number for full specs) or as one of our pre-created combo's.

ASSEMBLY

- **Step 1.** Assemble the uprights in order of illustration, attach bottom panel with screws M6*12 as shown.
 - **Note:** The holes in 1# & 2# are for the skirting board to screw into.

- **Step 2.** Assemble the top panel to the uprights with screws M6*12 as shown.
 - **Note:** The top panel position.

- **Step 3.** Assemble the skirting board to the uprights using screws M4*10.

- **Step 4.** Insert the plastic connectors into the uprights.

- **Step 5.** To fix to the wall. Mark the wall out before drilling the hole using the back of the top panel.

- **Step 6.** To fix the cabinet on the wall. Mark the wall out before drilling the hole, after the wall has been marked out drill a hole the size required see above illustration, insert the wall plug 8*40 into the drilled hole.

- **Step 7.** Fix cabinet to the wall using self-tapping screw ST4.8*30.

- **Step 8.** To fix the cabinet on to a wooden wall. Mark the wall before drilling. After the wall has been marked, drill a hole the correct size. See above illustration for size guide.

- **Step 9.** Fix the cabinet to the wooden wall with the self-tapping screw ST4.8*30, no wall plug is required.

- **Step 10.** Assembly completed.

ENVIRONMENT PROTECTION

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.

REGISTER YOUR PURCHASE HERE

- **NOTE:** It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice.
- **IMPORTANT:** No Liability is accepted for incorrect use of this product.
- **WARRANTY:** Guarantee is 12 months from purchase date, proof of which is required for any claim.
