**SECOMP 17.99.1102 Value Ceiling Projector Mount**

### Product Specifications:

- **Model:** 17.99.1102
- **Product Name:** VALUE Ceiling Projector Mount, big
- **Maximum Weight Capacity:** 11.5 kg
- **Intended Use:** Indoor

### Product Usage Instructions

- **Pre-Installation:**

Prior to installation, read and fully understand the installation instructions provided. Keep them in an easily accessible location for future reference.

- **Ceiling Structure Check:**

Ensure that the ceiling structure can support at least five times the weight of the projector. Reinforce the ceiling structure if necessary.

- **Professional Installation:**

Follow the installation procedure outlined in the instructions. It is recommended to have a qualified service technician perform the installation to prevent property damage or personal injury.

- **Safety Measures:**

Practice safety measures during assembly. Use appropriate safety equipment and tools to avoid personal injury.

- **Assembly Procedure:**

Always have at least two qualified individuals perform the assembly to prevent dropping or mishandling of the

projector, which can lead to personal injury or property damage.

- **Indoor Use Only:**

Use the product indoors only. Outdoor use may result in product failure or serious personal injury.

### Frequently Asked Questions (FAQ):

- **Q: Can this projector mount be used for outdoor installations?**

A: No, the product is intended for indoor use only. Outdoor use may lead to product failure and pose safety risks.

- **Q: What is the maximum weight capacity of this projector mount?**

A: The maximum weight capacity is 11.5 kg. Ensure that the ceiling structure can support at least five times this weight before installation.

### Overview
