Securaco SKF-B-V1 Smart Keyfob

Product Information

Specifications:

• Manufacturer: [Manufacturer Name]

• Model: [Model Number]

• Compliance: Part 15 of FCC Rules

• Radiation Exposure Limits: FCC approved for uncontrolled environment

• Minimum Distance: 0cm between radiator and body

Product Usage Instructions

Installation:

- 1. Ensure the device is placed in a well-ventilated area.
- 2. Connect the device to a power source as per the manufacturer's instructions.
- 3. Position the device with a minimum distance of 0cm between the radiator and your body.

Operation:

- 1. Turn on the device using the designated power button.
- 2. Follow the user manual for specific instructions on device operation.
- 3. If experiencing interference, ensure no obstructions are blocking the device's signals.

Maintenance:

- 1. Regularly clean the device exterior with a soft, dry cloth.
- 2. Avoid exposing the device to extreme temperatures or moisture.
- 3. Refer to the user manual for any specific maintenance requirements.

Q: Can I modify the device without voiding the warranty?

A: Any changes or modifications not approved by the manufacturer could void your warranty and authority to operate the equipment.

Please refer to the user manual for more information.

Q: What should I do if I experience interference during operation?

A: If you encounter interference, ensure there are no obstructions blocking the device's signals. Additionally, check for nearby electronic devices that may be causing interference.

GUIDE FOR USE

1	Untock/ Lock with KEY	Firstly, add Bluetooth Key. Then, kill the APP. One click the button to lock, double click to unlock.
2	Check battery	Select the device in the APP to check battery status.
		After you replaced the battery, the existing temporary key may not work and you need to connect the KEY to the APP for one time.
3	Unbind device	Firstly, delete the device in the APP, then press button for 8 seconds until you hear the beep, and click one more time to confirm the deletion.
4	One click to control two locks	If you need to use one KEY to open two locks, first turn on "multiple" in the KEY setting, and then bind the KEY to the second lock.

PARAMETERS

Product Dimensions	52mm*31mm*11mm	
Body Material	PC	
Color	Black	
Net Weight	9g	
Communication Mode	Bluetooth 4.0 and above	
Battery	CR2032	
Endurance	300 Days	

WARNING

The battery may overheat if the following conditions occur, which may cause a fire or explosion hazard

• Battery dismantling, impacting, squeezing or putting into fire, soaking.

· Contact metal or electrode short.

FCC Warnning

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection againstharmful interference in a residential installation. This equipment generates, uses and can radiateradio frequency energy and, if not installed and used in accordance with the instructions, maycause harmful interference to radio communications. However, there is no guarantee thatinterference will not occur in a particular installation. If this equipment does cause harmfulinterference to radio or television reception, which can be determined by turning the equipmentoff and on, the user is encouraged to try to correct the interference by one or more of thefollowing measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your

authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1. This device may not cause harmful interference, and
- 2. this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
