## Seenda Technology EM11 NL Rechargeable Multi-Device Ergonomic Vertical Mouse

## **Electrical Specification**

### **Operating Voltage**

Mouse supply voltage: 3.3v(Lithium-ion Battery)

### **Current Consumption**

Current use :< 5ma

### **Sleep Mode**

- Electrical Current: 0.1ma;
- Wake Up: Move wake up

### **Mouse Pointer Performance**

- Resolution 1000-1600 default -2400
- Speed 30 inches/sec Max
- Acceleration 10G

### **LED Indicating Functions**

When the battery power is low (battery voltage reduced to 3.4v, the LED will flicker at a frequency of 1Hz

### **Wireless specifications**

2.402-2.480 GHz frequency coverage.

### **GFSK RF transceiver**

High Speed RF link data rate Max. 1M bit/s

### **Button Functions**

1. Left Button: Mouse left button standard function
2. Right Button: Mouse right button standard function
3. Middle Button: Mouse middle button standard function
4. Wheel: Mouse scroll wheel standard function
5. 4 Button: IE Forward function

6. 5 Button: IE Back function
7. Mode switch Button: change to a different channel
8. DPI Button: Change the DPI

## **Operation Process**

### **2.4G Mode**

- Turn on the power default mode is 2.4G mode. Insert the 2 G4g recei. e The LED is always on for 5 seconds, then goes out, and the pairing is done.
- BT ModeShort-presss the channel switch key, switch to Bluetooth channel 1, long-press the code key (more than 3 seconds), the light flashes at 1 Hz, the computer searches for the Bluetooth device (device name: ProtoArc EM11 NL), select pairing, the LED is always on for 5 seconds, and the pairing is done.

### **Caution**

Page 6 of 7Please use the Mouse in the human house only and keep away from water. Don't fixate the light on the mouse's bottom. Children using the mouse with a guardian is necessary. Keep dry. Humidity, liquids, contain minerals that will corrode electronic circuits.

Don't use or store in dusty, dirty areas. Don't store in hot areas. Temperature can shorten the life of electronic devices and warp or melt certain plastics. Don't store in very cold areas. Moisture can form inside the case, which may damage electronic circuit boards. Don't attempt to open the case. Non-expert handling of the device may damage the system. Avoid dropping and strong impacts. FCC

## **COMPLIANCE STATEMENT**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device under Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radiofrequency energy and, if not installed and used according to the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Warning:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

#### FCC Radiation Exposure Statement

The device has been evaluated to meet the general RF exposure requirements. The device can be used in portable exposure conditions without restriction. – English: This device complies with Innovation.

#### Science and Economic Development Canada

Nada's licence-exempt RSS standards. Operation is subject to the following two conditions:

1. This device may not cause interference, and
2. This device must accept any interference, including interference that may cause undesired operation of the device."
