USB Receiver ——— ▸ ——— Type-C Receiver

2.4G Wireless Connection

1. Remove the battery cover, and insert the battery.(The keyboard requires one AAA battery, and the mouse requires one AA battery. When installing the batteries, please ensure that the positive and negative terminals are placed correctly.)
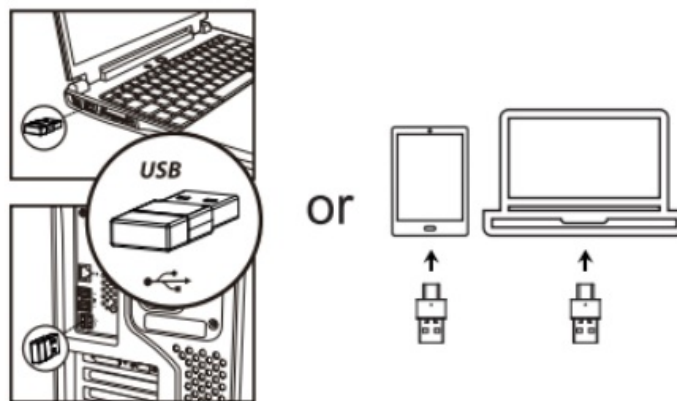

2.

Take out the receiver.

3. Turn the power switch to ON.

4. Plug the receiver into the USB A or Type-C port of the computer, and the keyboard and mouse will connect **automatically.**
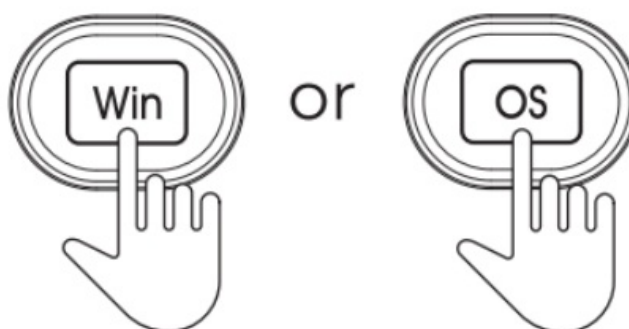

Tips: Please ensure that the receiver is fully inserted into the port without any gaps. (View below schematic)

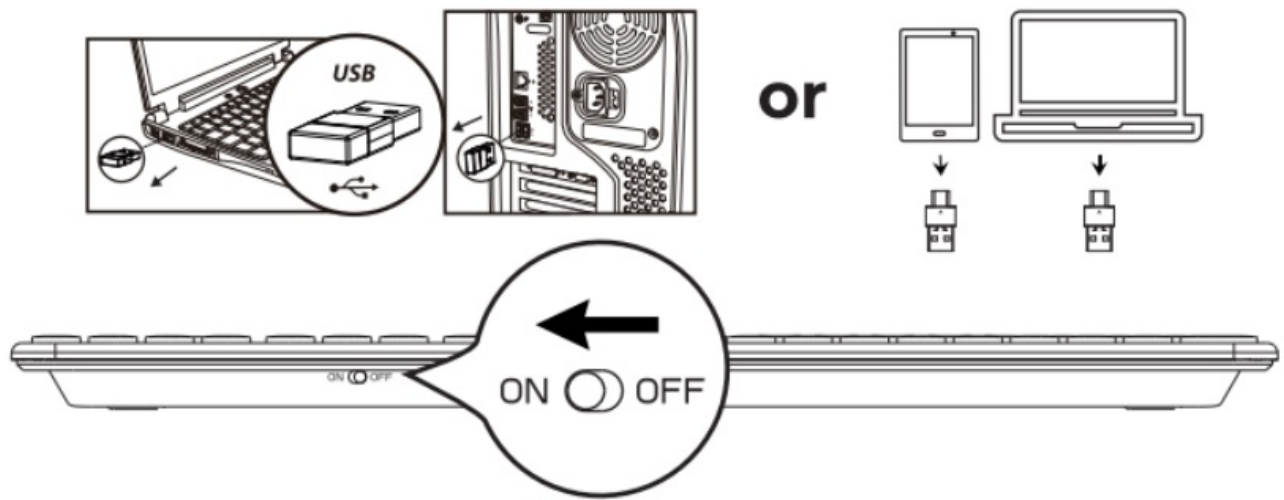

False ———————— 😞   😊 ———————— Right

5. Depending on the operating system of your computer, select the correct operating system on the keyboard. Switch by pressing the Win System Button or OS System Button, and the indicator light above will light up green.

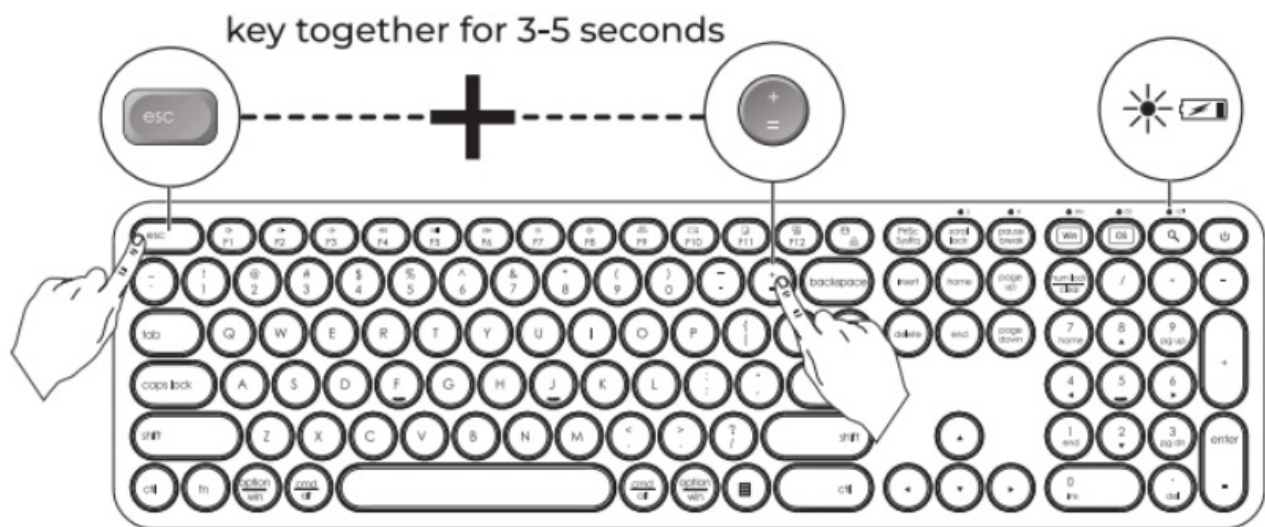

Win or OS

How to Re-pair Keyboard with Receiver

1. Unplug the receiver, turn the power switch to ON

2. Press and hold the "Esc" key and the "+/=* key simultaneously for 3-5 seconds. Release the keys when the power indicator lights up red.

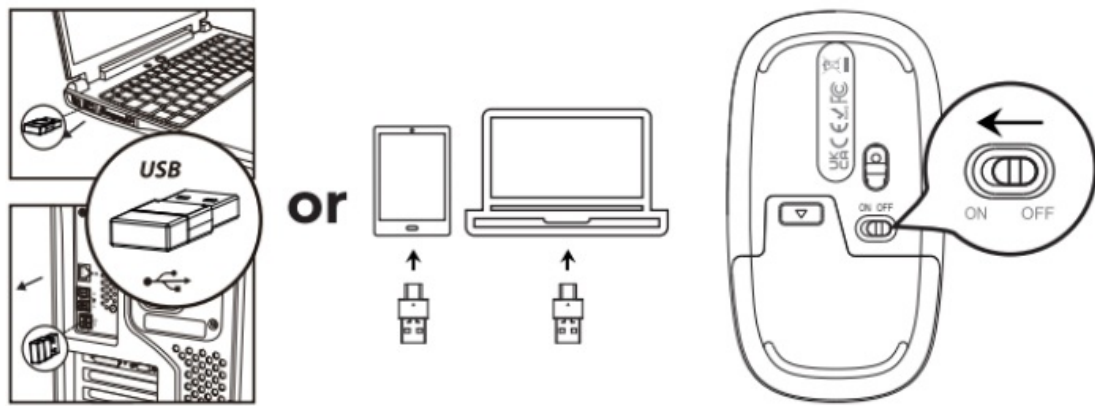

key together for 3-5 seconds

3. Place the keyboard within close proximity to the device's port, ensuring a distance of less than 20 centimeters.

4. Fully insert the receiver into the USB-A or Type-C port within 20 seconds. The red light will turn off, indicating a successful pairing.

5. If the connection is unsuccessful, please repeat the operation up to 2 times.

How to Re-pair Mouse with Receiver

1. Unplug the receiver, turn the power switch to ON.

2. Press and hold the left button, scroll wheel, and right button simultaneously for 5-8 seconds. Release the buttons when the indicator light at the bottom of the mouse lights up red.

3. Place the mouse within close proximity to the device's port, ensuring a distance of less than 20 centimeters.
4. Fully insert the receiver into the USB-A or Type-C port within 20 seconds. The red light will turn off, indicating a successful pairing.
5. If the connection is unsuccessful, please repeat the operation up to 2 times.

Frequently Asked Questions

Why can't I switch to OS system? The indicator light doesn't turn green after I press the OS key?

Please ensure that the receiver is fully inserted into the Type-C port without any gaps. That is, the port needs to completely cover the receiver, otherwise you may

not be able to connect the device and switch to the OS system. If the issues persist after confirmation, please do not hesitate to contact our customer service for assistance.
