Information

- Installation

Note:

If your handlebar requires better grip for holding the RC4 in place, apply the rubber band around the handlebar.

- Getting Started

Remove the plastic tape from the battery slot to begin using the RC4.

- Replacing the Battery

- Button Operation

- Power On/Off

Note: You can control the headset using the RC4 only after you pair them together.

The RC4 suppo

- Battery Check

- Bluetooth Pairing

- Factory Reset

- Headset Control

To control your headset using the RC4, please refer to the Quick Reference Guide for button operations on functions such as phone, music, and intercom.

Note

The Multifunction Button remotely controls special buttons such as the Ambient Mode Button of the 20S and the Camera Button of the 10C. Please refer to the Quick Reference Guide for more details.
