sengled E13-N11 Smart LED with Motion Sensor User Guide

Introduction:

Sengled Smart LED with Motion Sensor PAR38 Bulbs offer a simple way to combine an LED floodlight and motion sensor. Motion events can trigger the Sengled
Smart LED bulb under dark condition. This bulb enables customers to control multiple functions of their lights—On/Off, dimming, schedules, etc.—through the Sengled Home app or 3rd party voice control programs like Amazon Alexa or Google Assistant.
Note: A hub is required to control these bulbs.

Important Safety Information:

The following instructions are applicable to adding your Smart LED bulb to a Sengled hub. If you have a third-party hub, such as SmartThings or Amazon Echo Plus, or would like to find our latest list of supported third party hubs, please refer to support.sengled.com.

1. Download the latest version of the Sengled Home App from the Apple App Store or Google Play Store.

2. Register and sign in to your Sengled account in the app.
3. Open the Sengled Home App. Go to Devices, select the + sign, and choose Bulbs.

Follow in-app instructions to finish installation

4. Ensure your Sengled Home app can discover the bulb(s). If the app unsuccessfully discovers the bulb(s), please refer to the next section "Reset Instructions" for how to reset your bulb before attempting to add it back in. Congratulations on succesfully installing your smart bulbs!

Operation:

The following outlines some of the popular operational modes for Sengled PAR38 bulbs. Additional benefits are available through the Sengled Home app. If you have
questions please refer to support.sengled.com for the PAR38 bulbs user manual or Sengled Home app user manual.

A Turning the bulb on and off

The Sengled Smart LED PAR38 bulb can be controlled through the Sengled Home app. It will also be triggered on by motion events under dark conditions, and turn o automatically after a preset time after the last motion event has been detected.

B Dimming

Smart LED bulbs can be dimmed through the Sengled Home app, through partner programs such as Amazon Alexa, Google Assistant, IFTTT, etc., or the Sengled Smart Switch. Manual dimming via wall dimmers is not supported.

C Scheduling

The bulb can be scheduled with the Sengled Home App.

D Check motion event log

Each bulb's motion event log is available via the Sengled Home app.

E Voice Control

- Set up Amazon Alexa by adding Sengled Home Skill. (Check the in-app how-to page)
- Set up Google Assistant by adding Sengled Home Skill. (Check the in-app how-to page)

F Third Party Control

Utilize a third-party program (like IFTTT) to control your lights. (Check the in-app how-to page).

Frequently Asked Questions:

1. What can be used to dim these lights?
   We recommend using the Sengled Home app or a compatible smart device to dim or brighten your Sengled Smart LED. If the Sengled Smart LED is installed on a wall dimmer, the dimmer must be set at 100% at all times. Manual dimming through the wall dimmer is not supported.
2. Why will PAR38 bulbs not be triggered by motion events during the day?
   These Smart LED bulbs have two different sensors in them, one for motion and one for light. The LED will only trigger when the motion sensor detects
   motion and the light sensor detects low lighting conditions.
3. Can PAR38 bulbs be used simultaneously with other Sengled bulbs?
   Yes, a single Sengled Hub can support up to 64 devices of the Sengled Element family (Element Classic, Element Plus, Element Color Plus, Element 100W, and Element Smart Plug).

Product Specifications:

Element PAR38 Bulb	Bright White
Model Number	E13-N11
Color Temperature	3000K
Lamp Type	PAR38 Floodlight Bulb

Socket	E26
Brightness	1200 Lumens
Power Consumption	14.5W (rated)
Replacement power	90W
Dimmer Switch Compatible	No
Lifetime (hours)	25,000
Color Rendering Index (CRI)	90
Beam Angle	40 degrees
Detection	100°
Distance	Up to 40 ft
Warranty	3 years

Voltage	110-130 Vac
Operation temperature	-4~104°F
Operation humidity	0–95%
Diameter*Height	4.8 * 5.2 in
Weight	12.9 oz (366g)

Limited Warranty:

3-year limited warranty from original purchase date. To learn more about the Limited Warranty for Sengled products, please visit www.sengled.com/warranty.
