## Features

### 1. Wide Sound Range

This machine offers an extensive selection of 30 different sounds, allowing users to choose between various options, including white noise, fan sounds, and natural sounds like ocean waves, rain, and crickets. The variety ensures that you can find a sound that fits your preferences, whether it's to drown out background noise or create a calming atmosphere for sleep.

### 2. Portable Design

The Serene Evolution White Noise Machine is designed for maximum portability. Its compact and lightweight form makes it easy to carry, whether you're traveling or moving it from room to room in your home. It's ideal for

creating a restful environment anywhere you go, perfect for hotel rooms or offices.

### 3. **Adjustable Volume**

With customizable volume settings, this machine allows you to fine-tune the sound level to suit your surroundings and preferences. Whether you need it at a whisper for light sleep or at a higher volume to mask disruptive noises, the adjustable volume function provides versatility.

### 4. **Timer Function**

The built-in timer function allows you to set the machine to automatically turn off after 30, 60, or 90 minutes. This feature is ideal for conserving energy, especially if you only need the sound to help you fall asleep. You can also leave it running all night if preferred.

### 5. **Battery or AC Power**

Offering flexibility in its power sources, the machine can be powered either by batteries or through a USB-C cable and included AC adapter. This feature makes it perfect for both stationary use at home and portable use when traveling.

### 6. **Wireless Remote Control**

7. One of the standout features is the **wireless remote control**. The machine comes with a remote that allows you to control it from a distance of up to **50 feet**. This convenience lets you switch between sounds, adjust volume, or set a timer without having to physically touch the machine.

### 8. **Optional Timer**

In addition to the auto-shutoff feature, the Serene Evolution machine allows you to **set a timer for 30, 60, or 120 minutes**. This helps conserve energy and ensures that the machine won't run longer than needed. It also **remembers the last used sound and volume settings**, so there's no need to reset the machine every time you turn it on.

### 9. **Power Source**

This white noise machine is primarily powered by an **AC adapter**, which is included in the package. The reliable power source ensures that the machine can run continuously throughout the night or during long office hours.

### 10. **Perfect for Light Sleepers and Office Privacy**

The machine is especially beneficial for **light sleepers** as it helps mask disruptive background noises like barking dogs, traffic, or snoring. It's also ideal for **office privacy** because it masks private conversations, preventing them from being overheard, and making it useful in shared office spaces or home offices.

### 11. **60 Soothing Sounds**

The machine boasts an impressive library of **60 sounds**, including:

- 13 fan sounds
- 5 brown noise
- 4 pink noise
- 3 white noise
- 4 ocean waves
- 3 rain sounds
- Thunderstorm, brook, shower, waterfall, rainforest, summer night, crickets, frogs
- Helicopter, hairdryer, crowd, trains, campfire, vacuum, snoring
- Flute, lions roar, and wind chimes

## Usage Instructions

1. **Unpack** the Serene Evolution White Noise Machine.
2. **Clean** the machine with a damp cloth if desired.
3. **Power on** the device using the included **AC adapter** or batteries.
4. **Use the touch-sensitive buttons** or the **remote control** to choose your desired sound and adjust the volume.
5. **Set a timer** for 30, 60, or 120 minutes, or leave the machine on continuously if you prefer.
6. **Relax** as the machine plays calming sounds to mask unwanted background noise, improve sleep quality, or enhance focus.

## Care and Maintenance

- **Cleaning:** Wipe the exterior of the device with a soft, dry cloth. Avoid using liquid cleaners or exposing the machine to moisture.
- **Power Source Maintenance:** Ensure that the power cable is not damaged. If using batteries, replace them regularly to prevent leakage.
- **Storage:** When not in use, store the machine in a cool, dry place away from direct sunlight.
