SG Support RANSHOU 180mm Multi Purpose Gardening Scissors

Product Information

The RANSHOU Multi-purpose Gardening Scissors are versatile tools designed for various purposes. With a blade length of 180mm, they can be used for cutting strings and hoses, wires, harvesting fruit trees, and harvesting vegetables. The scissors are made of high-quality stainless steel blades and a P.P. resin grip for durability and comfort during use.

CAUTION

- Do not use the scissors on materials that exceed the cutting capacity.
- Do not remodel or use the scissors for anything other than their intended purpose.
- Do not point the cutting edge towards people and animals.
- Check the product for rattling or damage before use.
- Wear safety goggles and gloves when working with the scissors.
- Do not touch the cutting edge directly with bare hands.
- When not in use, store the scissors with the cutting edge safely tucked away.
- Keep the scissors out of reach of children.

Material: Blade: Stainless steel, Grip: P.P resin

Blade Cutting Capacity

- Rope: Approx. 12mm

- Aluminum wire: Approx. 2.5mm
- Copper wire: Approx. 2.5mm
- Mild steel wire: Approx. 1.5mm

The RANSHOU Multi-purpose Gardening Scissors are designed for various purposes, including pruning vegetation, cutting strings and hoses, and cutting thin plastic plates and wires.

Product Usage Instructions

How to Sharpen the Scissors

1. Hold the whetstone in your hand.
2. Keep it at a certain angle and sharpen the blade by pushing it out in the direction of the arrow.
3. Finally, lightly sharpen the back of the blade once or twice to remove the burr.
4. Do not sharpen the serrated blade.

Manufacturer Information
