## SGMW WS068E-7000 Folding Key Transmitter

## Product Information

- Model: WS068E-7000
- Brand: SGMW Transmitting
- FCC ID: 2AVYXWS068E7000

## Product Usage Instructions

To use the folding key:

1. Press the release button shown in the figure above.
2. The mechanical key will automatically pop out.
3. After use, fold back the mechanical key.

To lock all doors, press the Lock key once. To unlock all doors, press the Unlock key once. To unlock the tailgate, press the Tailgate open key.

## FCC Statement

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

**CAUTION:** Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the equipment.

## RF Exposure Warning

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The equipment must not be co-located or operating in conjunction with any other antenna or transmitter. As shown in the figure above, press the release button ①, and the mechanical key will pop out automatically. After use, fold back the mechanical key.

**Model:** WS068E-7000 **Brand:** SGMW

## Transmitting

Operating voltage: 2.3V~3.3V Effective transmitting distance:  $\geq 20\text{M}$ , 360-degree hemispherical area.  
Working temperature:  $-20^{\circ}\text{C}\sim 60^{\circ}\text{C}$  button indicator light is red

FCC statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- increase the separation between the equipment and the receiver.
- connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- consult the dealer or an experienced radio/TV technician for help.

RF exposure warning

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The equipment must not be co-located or operating in conjunction with any other antenna or transmitter.
