- **Manufacturer:** Shape Tools

Product Usage Instructions

Getting Started

Before using the Origin, ensure that it is fully charged. Refer to the user manual for charging instructions.

Calibrating the Device

It is important to calibrate the Origin before use. Follow the step-by-step calibration guide provided in the user manual.

Using the Device

Once calibrated, you can start using the Origin to perform various tasks. Refer to the user manual for detailed instructions on operating the device.

Send precise measurements to Origin and other Bluetooth® devices with the push of a button.

Measuring accurately is essential to any successful project. With the Connected Caliper, sending precise measurements to Origin is simple and helps prevent unnecessary mistakes. Use them in the shop, on the job, or anywhere else you need to guarantee accurate measurements. Connect. Measure. Send.

- **Range:** 200 mm / 8in
- **Compatibility:** Bluetooth® enabled
