Wash foam and felt filters every 3 months and the post-motor filter once a year to keep the suction strong. Rinse filters with water only and allow to air-dry completely. Tap loose dirt from filters as needed between washes.

Carefully cut away any fibers, hair, or string wrapped around the brushroll. Avoid damaging or cutting the bristles.

2 WAYS TO CLEAN

FLOOR CLEANING

OR

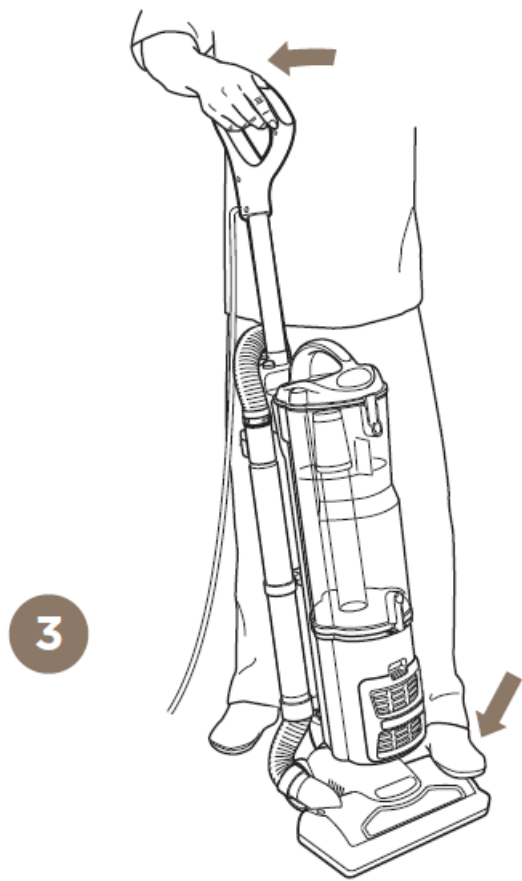

1. SETTING I

For cleaning bare floors or with accessories.

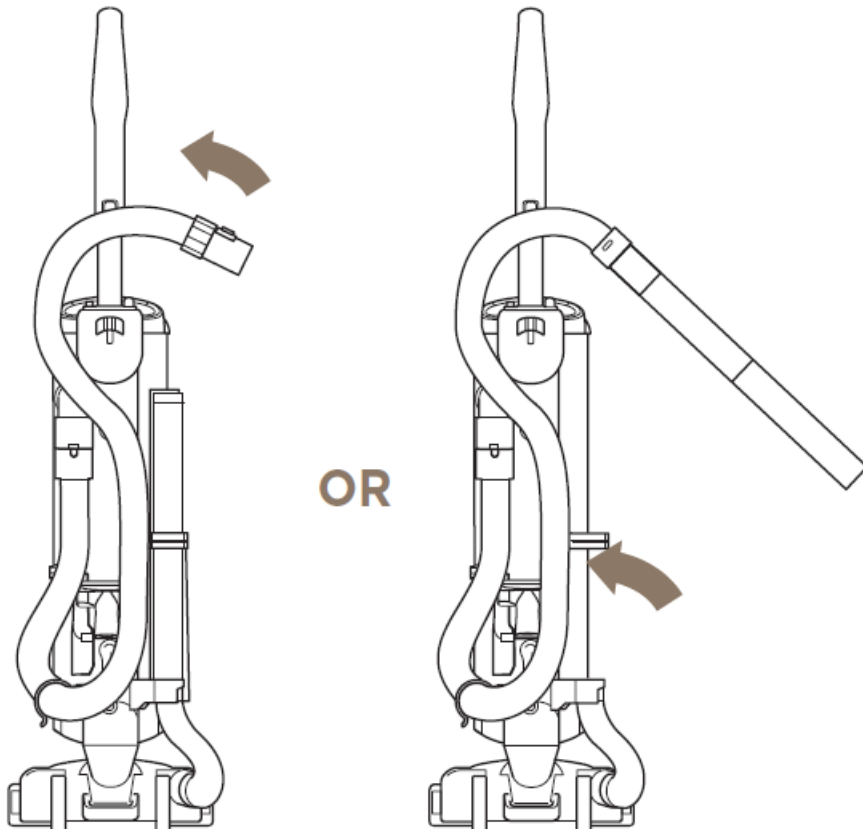

2. SETTING II

For carpet cleaning with brushroll.

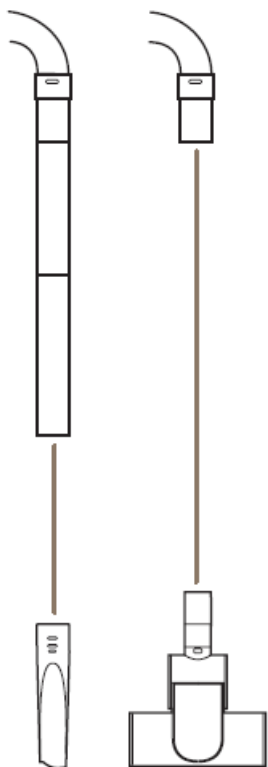

To activate brushroll, step on floor nozzle and tilt handle back.

ABOVE-FLOOR CLEANING

1. To clean above-floor areas, remove the hose from the wand. Or for more reach, remove the wand from the pod.

2. Attach desired cleaning tool to hose or wand.
