Sharkoon AK2 CPU Tower

AK2

With a look that is straightforward and low key, the AK2 blends well into any kind of surroundings and is perfect for either gaming, office, or multimedia PCs. And with its modern compatibility, space for large pieces of hardware, and room for up to eleven fans, this case offers plenty of potential for performance, whatever the application.

Features

STRAIGHTFORWARD, LOW-KEY DESIGN

Thanks to its simple and unobtrusive appearance, the AK2 is ideal for a wide range of computers, whether for gaming, office, or multimedia.

• TWO PRE-INSTALLED FANS

Two 120 mm fans are already pre-installed in the AK2 – one behind the front panel and one on the rear panel. Up to eleven fans will find room in the case.

SPACE FOR UP TO TWO RADIATORS

Even water-cooling enthusiasts will be happy with the AK2, as two radiators with up to 360 mm can be simultaneously operated, if re-quired.

• SUPPORT FOR BTF MAINBOARDS

Apart from conventional mini-ITX, micro-ATX or ATX mainboards, the AK2 is also compatible with almost all BTF formats on the market.

• IDEAL CONNECTIONS

To connect a wide range of mobile and peripheral devices, the AK2 has a modern TRRS and USB-C port on the front of the top panel.

· SPACIOUS DESIGN INSIDE

With an available space of up to 41 cm, even large graphics cards can be accommodated inside the AK2. In addition, a CPU cooler with a height of up to 17 cm can be installed, as well as a power supply unit with a length of up to 23.5 cm. And there is installation space for up to two 3.5" HDDs or four 2.5" SSDs.

Specifications
