Item No. 206637

Thank you for choosing the Sharper Image Virtual Reality Interactive Blaster. Please take a moment to read this guide and store it for future reference.

## IDENTIFICATION OF PARTS

## HOW TO ASSEMBLE

## HOW TO INSTALL THE BATTERY

- Insert the 7.2V battery into the device to use the Water bullet function.
- Insert the 2-piece AG13 battery into the device to begin using the AR function. The AG13 battery lasts approximately 2-3 weeks.

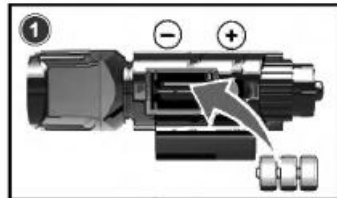

**Note:** Do not insert more than 2 AG 13 batteries.

## TORCH INSTALL

- 3 pcs 1.5v AG 15 battery.

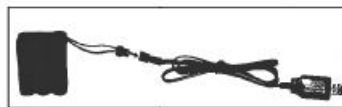

**Note:** AG 13 battery cannot be charged.

## HOW TO CHARGE

- Use the included USB cable to connect the 7.2V battery.

**Note:** Charge time is 2 hours and will last for approximately 30 minutes of play time.

## HOW DOWNLOAD AND INSTALL THE APP

- Scan the QR code on the manual using your iPhone or Android smartphone to download the app.
- Search and download:
- iPhone: Enter the App store and search TSOL-AR and download.
- Android: Enter the Google Play store and search TSOL-AR and download.

*Note: The app includes 36 games [educational, math, testing and more].*

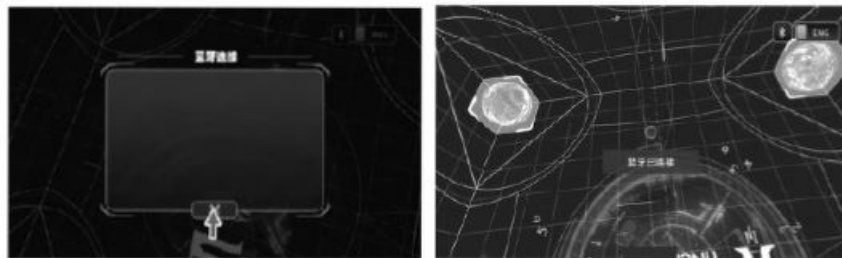

## HOW TO CONNECT VIA BLUETOOTH

- Open the Bluetooth settings in your smartphone.
- Open the TSOL-AR app.
- Connect via Bluetooth to the app as pictured.
- Click the Bluetooth signal as pictured.

## BLUETOOTH TROUBLESHOOTING

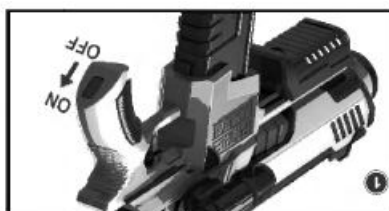

**Note:** Click the trigger again if Bluetooth doesn't work

## WATER BULLET FUNCTIONS

- Press the Water bullet on/off button as pictured.
- Press the AF on/off button. This function will power off after 5 minutes of non-use.

**Note:** The AR function needs 2 1.5V AG 13 batteries (included) and the Water bullet function needs a 7.2V battery (included).

## HOW TO MAKE WATER BULLETS

## HOW TO ADD THE WATER BULLETS

- Open the bullet cover and put the water bullets in.
- Close the cover.

- Use the spare bullet holder to store left over water bullets.
- Only insert soaked water bullets.

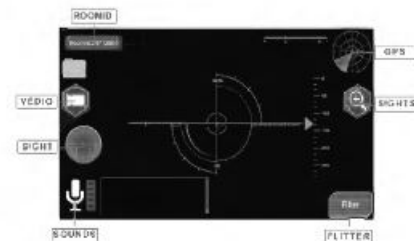

## APP FUNCTIONS

Features two functions:

Intelligent sight: VR experience through your smartphone screen

- Functions: GPS, aim, sounds, video and filter

**Note:** Intelligent sight is for outdoor use. It is a device for GPS, video, and sounds. AR games are for playing games only.

AR games:

- Open the app and click the trigger to connect to Bluetooth.
- Includes 36 games (educational, math, testing and more).

- Toggle the button over to ENG to change language to English.
- You can change the language when you start the game by clicking the start button. Createa room and type in the room id when there are multi-players.
