## shawmut SR9520 Protex N95 Particulate Respirator

## Featuring the Protex™ All-Day-Comfort™ System

## FILTER EFFICIENCIES

FILTER EFFICIENCIES			
TYPE		EFFICIENCY	
<b>N</b> Not Resistant	Not for use in atmospheres that contain oil-based aerosols.	<b>95</b>	95% minimum filter efficiency in removing particulates.
<b>R</b> Resistant to Oil	Restricted to 8 hours of service life if used in atmospheres that contain oil-based aerosols.	<b>99</b>	99% minimum filter efficiency in removing particulates.
<b>P</b> Oil Proof	Oil proof. May be used in atmospheres that contain oil-based aerosols.	<b>100</b>	99.7% minimum filter efficiency in removing particulates.

### Get Protex™ ADC™ for Advanced Protection and Comfort

Shawmut has put everything we know into our Protex™ N95 respirators, so you can count on them to fit better, protect better, and breathe easier all day long. Designed, engineered, and manufactured in America, the cup-style Protex™ respirators were created with patent pending ADC Protex All-Day-Comfort System® technology for

better breathability, fit and seal, and professional comfort.

## The Protex™ All-Day-Comfort™ System Gives You

- Less breathing resistance – proprietary filtering technology exceeds N95 standards while allowing for lighter weight and higher breathability
- Less pressure on the face for all-day-comfort and wear, Protex™ N95 users feel the softness of the foam with less eyeglass fogging when shaped around the bridge of the nose properly
- Reduced moisture buildup inside the respirator
