## Shenzhen Unison Technology UT208 0.5 Watts Handeild Two-way Radios

### Instruction for use

This set includes 2 walkie-talkie units, these are communication devices that operate on mobile radio frequencies, They come with 8/20/22 (option) channels as well as a back-lit LCD screen, enabling you to communicate over several kilometers free-of-charge( up to 5 km in open areas)

#### **Note:**

Please read these user instructions carefully before using the equipment and retain for future consultation.

### Specific Recommendations

- If you carry any kind of personal medical device, consult a doctor before use.
- To avoid the risk of burns, do not use the device if the aerial is damaged in any way. Don't use the device in a potentially explosive setting (e.g. Around petrol pumps, on the lower deck of a boat or around a fuel-storage installation or chemical products)
- If traveling in a car or by bike, stop before using the device,
- Switch off the device if on an airplane or in a hospital.
- Never use the device in close proximity to a radio to avoid interference.
- Remove the batteries if the device is not used for an extended period of time, Never mix used with new batteries.
- Position the transmitter and antenna at least 5cm from your face. Direct the antenna upwards and speak normally.

- Clean the device with a damp cloth. Avoid the use of cleaning agents and solvents. Don't modify the device in any way. In the event of damage occurring, ensure that the device is checked by a qualified professional.
- The device cannot be used to contact the emergency services.
