Connect your Ceiling

Plug-in your Ceiling unit and connect it to the network.

Find your unit

Identify the Ceiling unit you want on the network & select it via the Stem ecosystem platform

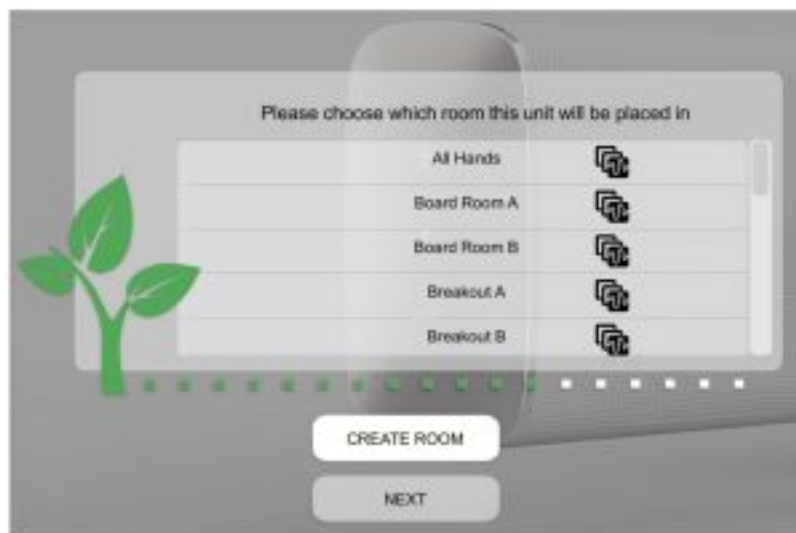

Name your unit

Give your Ceiling unit a name (Ex. Medium Conference Room -Ceiling 1)

A screenshot of a software interface for naming a device. It has a light gray background. At the top, the text "Please name your unit" is displayed. Below it, a smaller line of text says "Typical name might relate to the location of the device" followed by "ex. Room 304, Table Unit A". In the center, there is a white rounded rectangular input field with the placeholder text "DEVICE NAME" in gray. Below the input field, there is a small, faint, circular icon.

Give it a home

Create a new room or choose which room this unit will be placed in via the Stem ecosystem platform
