USEFUL INFORMATION

HOW TO RESET SIDEN LTE HUB BACK TO FACTORY DEFAULT

1. Plug the Hub into the Hub's power cable
2. Remove any cable from the Hub's AV port
3. Insert a small solid pin or needle into the AV port
4. The inserted pin/needle will press a button inside of the AV port.
5. Continue holding the button with the pin/needle for 5 seconds or until the power light on the front of the Hub goes off and then comes back on

RF Exposure Statement

To maintain compliance with FCC's RF Exposure guidelines. This equipment should be installed and operated with minimum distance of 20cm the radiator your body. This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.
