OVERVIEW

Simply Conserve®'s single-pole smart switch adds intelligence to a building's already existing 120V circuit by providing voice, scheduling and remote-control capabilities to existing traditional lighting loads. Control the switch from anywhere in the world with a hub-free interface through the Simply Conserve® app. Easily install in new construction, remodeled spaces or retro it projects to enjoy a seamless and smart experience.

SWITCH FEATURES

- Single-pole switch, non-dimming
- For retrofit or new construction installation
- Rated for 100-240V 50/60Hz
- Maximum load: 800W (INC), 400W (LED & CFL)
- Zero-fire cable connection, neutral wire required
- 2.4GHz Wi-Fi connection
- Panel touch control

- Polycarbonate panel
- ABS housing material

APP FEATURES

- Stay connected to your home or commercial building anywhere at any time using the Simply Conserve® app.
- Schedule automatic lighting to brighten and dim your home in sync with your schedule.
- Use Amazon Alexa or the Google Assistant for easy voice control.
- Control switch directly from your phone with no hub required.

ORDERING INFORMATION

SOURCE	OPERATION	VOLTAGE	NETWORK CONNECTION	FINISH
