Product Usage Instructions

To use the CN-5015 USB-C to 4x USB-C 10Gbps Power Delivery Hub, follow these steps:

1. Connect the USB-C connector of the hub to the USB-C port of your computer. Ensure that the USB-C port is compatible with USB-C and Thunderbolt 3 / 4.
2. Use the USB-C ports of the hub to connect devices or charge a device. The ports support charging data and can deliver power up to 7.5W (5V/1.5A).
3. If you want to charge your notebook using the USB-C hub, connect the power adapter to the hub. This allows you to use both the power adapter and the hub simultaneously. Note that connecting devices to the hub may reduce the power available for charging your notebook. Make sure to use a power adapter with sufficient capacity to charge both the notebook and the connected devices.
4. The LED indicator on the hub will light up in white when the device is powered.
5. Ensure that your computer's operating system is compatible with the hub. The hub supports Windows 7/8/10/11, Mac OS X 10.2 and above, and Chrome OS.

Please refer to your computer's manual to check the compatibility of its USB-C port with all the features of the hub.
Note: The dimensions of the hub are 265 x 30 x 11 mm, including a 15cm cable. The product weighs 44 grams, making it lightweight and easy to carry.

At a glance

	Item	Specifications	Description
❶	USB-C connector	Male USB-C connector	Connects to USB-C port of computer. Compatible with USB-C and Thunderbolt 3 / 4. Plug and play.
