SKRFORM

SKRFORM 8289 Ceiling Fans

INTRODUCTION

The SKRFORM 8289 Low Profile Ceiling Fan with Lights is the ideal combination of contemporary style, usefulness, and ease of use. This fan's sleek white exterior goes well with a variety of interior design styles, and it is designed with a flush mount for low ceilings. A strong, whisper-quiet engine and seven aerodynamic blades provide effective airflow at six programmable speeds. The reversible motor provides year-round comfort by ensuring a cool downdraft in the summer and a warm updraft in the winter. With stepless dimming from 10% to 100% and three color temperature settings (3000K warm, 4000K neutral, and 6500K daylight), its LED lighting ensures accurate ambiance management. Easily operate the fan and lights using a remote control or smartphone that has a memory feature, night mode, and a half-hour timer. The fan comes partially constructed for easy installation and distributes air at a wide angle of 150°. Bedrooms, living rooms, dining rooms, kitchens, and even garages are perfect places for it.

SPECIFICATIONS

Brand	SKRFORM
Model Number	8289
Color	White

Style	Modern

Electric Fan Design	Ceiling Fan
Mounting Type	Flush Mount
Product Dimensions	8.7″D x 19.7″W x 5.7″H
Item Weight	Approx. 6.5 Pounds
Voltage	120 Volts
Power Source	AC
Wattage	32 Watts
Noise Level	30 dB
Number of Speeds	6 Speeds
Blade Material	Plastic
Number of Blades	7
Light Type	LED
Luminous Flux	3840 Lumens
Light Color Temperatures	3000K (Warm), 4000K (Neutral), 6500K (Daylight)
Control Methods	Remote Control & Mobile App (within 10m)
Special Features	Timer (1/2 hrs), Memory Function, Reversible Motor, Night Mode
Theme	Flush Mount, Modern
Speed	400 RPM
Blade Length	3.9 Inches

Room Type	Bedroom, Living Room, Kitchen, Garage, Office, etc.
Warranty Type	3 Years Support
Country of Origin	China

WHAT'S IN THE BOX

- 1 x SKRFORM 8289 Ceiling Fan with Lights
- 1 x Remote Control with Wall Bracket
- 1 x Ceiling Mounting Kit (Screws, Fixings)
- 1 x Accessory Pack
- 1 x S-Hook (Auxiliary Mount Tool)
- 1 x User Manual

FEATURES

- **Flush Mount Design:** Perfect for rooms with low ceilings, offering a sleek and space-saving look.
- **7-Blade System:** Delivers smooth, powerful, and evenly distributed airflow across the room.
- **Ultra-Quiet Operation:** Operates at noise levels under 30dB, ensuring a quiet and peaceful atmosphere.
- **Reversible Motor:** Provides a cool breeze in summer and reverses airflow in winter to circulate warm air.
- **6 Speed Settings:** Choose from gentle airflow to a powerful breeze to match your comfort.
- **High-Quality LED Lighting:** Features 310 LEDs that produce 3840 lumens of bright, efficient light.

HIGH-EFFICIENCY DC MOTOR CEILING FAN

Optimize Air Circulation – Stay Comfortable All Year

Reverse Wind — Reduce humidity

Forward Wind — Cool down the room

SETUP GUIDE

- **Check the Box:** Make sure all parts are included fan, remote, LED plate, bracket, and hardware.
- **Switch Off Power:** Turn off the main power to stay safe during installation.
- **Install Mount Bracket:** Attach it securely to ceiling beams.
- **Wire the Connections:** Connect live, neutral, and ground wires according to the included wiring guide.
- **Attach Ceiling Plate:** Lock the ceiling plate into place on the bracket.
- **Mount the Fan Body:** Secure the fan motor to the ceiling plate.
- **Install LED Panel:** Fit and secure the LED light plate onto the fan unit.
- **Secure Fan Blades:** Some models may require minor blade alignment or attachment.
- **Add the Lampshade:** Snap or screw the acrylic lampshade onto the fan.
- **Power the Remote:** Insert batteries, making sure the polarity is correct.
- **Test Functionality:** Turn the power back on and check that both fan and lights work correctly.

- **Set Up the App:** Scan the QR code in the manual to download and pair the app.
- **Test Controls:** Make sure the remote and app control fan speed, lighting, dimming, and timer functions properly.
- **Adjust Settings:** Set up the timer and memory function according to your preference.
- **Final Check:** Confirm that everything is stable, secure, and working before regular use.

CARE & MAINTENANCE

- **Power Off First:** Always turn off the power before cleaning or servicing the fan.
- **Dust Regularly:** Clean the fan blades and lampshade with a dry or microfiber cloth.
- **Wipe Lampshade:** Use a damp microfiber cloth and mild soap if needed—never use harsh cleaners.
- **Check Screws:** Inspect and tighten any loose screws from time to time.
- **Remote Maintenance:** Replace remote batteries when the signal weakens.
- **Test Timer Often:** Verify that the auto timer works as expected, especially after resets.
- **App Updates:** Keep the app updated to maintain optimal performance.
- **Inspect Wiring Annually:** Look for wear or damage to keep it safe and functional.
- **Lubricate:** Check the manual for lubrication instructions if needed.
- **Clean Air Vents:** Remove dust from vents to avoid overheating.
- **Keep It Dry:** Use in dry, indoor spaces only; avoid moisture or water exposure.
- **Check for Wobbling:** If the fan wobbles, inspect and balance the blades.
- **Listen for Noise:** Unusual noises could signal a loose part or other issue check promptly.

TROUBLESHOOTING

Problem	Solution
Fan Not Turning On	Check power supply; verify wiring and switch.
Remote Not Responding	Replace batteries; check pairing.
App Not Connecting	Ensure Bluetooth/Wi-Fi is enabled; restart app and fan.

Problem	Solution
Light Flickering	Check wiring connections or voltage fluctuations.
Fan Wobbling	Tighten mounting screws; ensure blades are balanced.
Noisy Operation	Check for dust buildup or loose components.
Timer Not Working	Reset timer via remote or app; check app updates.
Color Temperature Won't Change	Use correct remote button; check for app settings.
Speed Control Not Working	Reset fan using remote or wall switch; verify settings.
Memory Function Not Retaining	Check if wall switch is cutting power; use remote/app for settings.

PROS & CONS

Pros

- Quiet operation (30 dB) ideal for bedrooms
- Stylish flush-mount, space-saving design
- Bright, adjustable LED lighting with 3 color temps
- Remote and app control for convenience
- Reversible airflow for year-round use

Cons

- Not compatible with dimmer wall switches
- Limited to indoor use only
- May not suit very large rooms (>18)
- Requires installation knowledge (electric wiring)
- App connection depends on Bluetooth/Wi-Fi stability

WARRANTY

The SKRFORM 8289 Ceiling Fan comes with a **3-year limited warranty**, covering manufacturing defects and malfunction under normal use. Customer support is available within 24 hours of contact for troubleshooting, parts replacement, or service guidance. Warranty claims require proof of purchase.

FREQUENTLY ASKED QUESTIONS

What is the SKRFORM 8289 Ceiling Fan?

It is a 20-inch low-profile flush mount ceiling fan with dimmable LED lights, 6 fan speeds, 3 color temperatures, and smart control via remote and mobile app.

How do I control the SKRFORM 8289 Ceiling Fan?

It can be controlled via the remote control or mobile app, letting you adjust fan speed, light brightness, color temperature, and timer functions easily.

How many speeds does the SKRFORM 8289 fan offer?

The fan includes 6 adjustable wind speeds, from a gentle breeze to powerful airflow.

What lighting options does the SKRFORM 8289 offer?

It includes a dimmable LED light with 3 color temperatures: 3000K (warm), 4000K (neutral), and 6500K (cool), along with brightness adjustment from 10 to 100 Percent .

What is the noise level of the SKRFORM 8289 fan?

It operates at a very quiet 30dB, making it perfect for bedrooms, study rooms, and living spaces without disturbing noise.

Why isnt my SKRFORM 8289 fan turning on?

Check the power connection, ensure the remote or app is paired correctly, and verify that the wall switch is ON, noting that the wall switch only controls the light on/off.

Why is the remote for my SKRFORM 8289 not working?

Check if the batteries are inserted properly, replace if needed, ensure there is no signal interference, and confirm the remote is within the 10-meter range.
