For best quality avoid storing product in conditions above 100 degrees.

## The IC Compliance Statement

This device contains license-exempt transmitter(s)/ receiver(s) that comply with innovation, Science and Economic Development Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

## **The FCC Compliance Statement**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced Radio/TV technician for help.

The user is cautioned that any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## **2 Year Global Warranty**

### **United States of America and Canada Product Purchases Only**

Skullcandy products are backed by a 2-year warranty. If it doesn't work the way we promised, we'll make it right. For Guarantee Claims, Questions and Terms & Conditions visit [www.skullcandy.com/warranty](http://www.skullcandy.com/warranty) or call us at 1-888-MYSKULL

### **Product Purchases Outside The United States of America and Canada**

Skullcandy products are backed by a 2-year warranty. If it doesn't work the way we promised, we'll make it right. For Guarantee Claims, Questions, and Terms & Conditions visit [www.skullcandy.com/warranty](http://www.skullcandy.com/warranty) or email us at [help-eu@skullcandy.com](mailto:help-eu@skullcandy.com)

### **Warning:**

To avoid hearing damage, do not listen at high volume levels.

Many electrical items can be repaired or recycled, saving natural resources and the environment. If you do not recycle, electrical equipment will end up in landfill where hazardous substances will leak out and cause soil and water contamination – harming wildlife and also human health. To remind you that old electrical equipment can be recycled, it is now marked with a crossed out wheeled bin symbol. Please do not throw any electrical equipment (including those marked with the crossed out wheeled bin symbol) in your bin.

## FOR WIRELESS PRODUCT

### EU/EC DECLARATION OF CONFORMITY

This equipment complies with the European Radio Equipment Directive. A copy of the EU/EC Declaration of Conformity can be found at [skullcandy.eu/product-documents](https://skullcandy.eu/product-documents)

Many Local Authorities will have containers that collect batteries for recycling. Public buildings and your workplace may also have containers. If you do not recycle, batteries will end up in landfill where hazardous substances will leak out and cause soil and water contamination – harming wildlife and also human health. Batteries containing hazardous materials such as mercury (Hg), cadmium (Cd) or lead (Pb) are marked with their chemical symbols as well. This symbol means that according to local laws and regulations the battery shall be disposed of separately from household waste. When this product reaches its end of life, take it to a collection point designated by local authorities or return to purchase location for recycling or disposal.

### **IC SAR Statement**

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. End user must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. The portable device is designed to meet the requirements for exposure to radio waves established by the ISED. These requirements set a SAR limit of 1.6 W/kg averaged over one gram of tissue. The highest SAR value reported under this standard during product certification for use when properly worn on the head.

CONTAINS Li-ion BATTERY. BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY.
