Sleepbox

Sleepbox 25 Soothing Sound Noise Machine

Launch Date: May 28, 2021

Price:\$26.99

Introduction

For people who want to sleep well or relax in a focused way, the Sleepbox 25 Soothing Sound Noise Machine is the right companion. It blocks out annoying background noises well thanks to its 25 soothing sound choices, which include white noise, nature sounds, and fan noises. You can take it anywhere because it's small and light, so it's great for the home, office, or travel. The Sleepbox is great for people of all ages, even babies and light sleepers because it has an easy-to-use interface, a volume control that you can change, and multiple timer settings. It also has a memory function that remembers the last sound, volume, and timer you use when you restart it. The Sleepbox can help you find peace, whether you need to block out traffic or building noise, or just want a quiet place to sleep. The machine can also be charged by either USB-C or a rechargeable battery, which makes it easy to take with you and use anywhere.

Specifications

- **Brand:** Sleepbox
- **Model:** 25 Soothing Sound Noise Machine
- **Product Dimensions:** 3.1 x 3.1 x 1.47 inches
- **Weight:** 2.88 ounces

- **Material:** ABS plastic
- **Color Options:** White, Black, Grey
- **Sleep Timer:** Yes
- **Portable:** Compact and lightweight design for easy portability
- **Warranty:** 1-year limited warranty

Package Includes

- 1 x Sleepbox 25 Soothing Sound Noise Machine
- 1 x AC Power Adapter
- 1 x USB-C Cable
- 1 x User Manual
- 1 x Warranty Card

Features

- **25 Non-Looping Soothing Sounds:** The machine offers a diverse array of soundscapes, including **White / Pink / Brown / Blue Noise**, fan sounds, and nature-inspired options such as **Rain, Brook, Sea Waves, Birdsong**, and even unique sounds like **Campfire** and **Train**. These realistic sounds are specifically designed to soothe and relax both body and mind, helping you improve your sleep or focus.
- **Compact & Portable Design:** With dimensions of only **3.1 x 1.47 inches**, the Sleepbox is ultra-compact, easily

fitting into a handbag, suitcase, or even attached to strollers and cribs thanks to its included **hanging rope**. This portability makes it ideal for home, office, and travel use. The built-in **rechargeable battery** ensures you can use it anywhere without needing a plug or outlet.

- **Headphone Jack for Private Listening:** Equipped with a **headphone jack**, it enables a personalized listening experience, which is especially useful when you're in crowded or noisy environments. You can enjoy soothing sounds while blocking out external distractions, ensuring undisturbed sleep or focus.
- **4 Timer Settings & Memory Function:** You can customize your listening experience by setting the timer to **15, 30, or 60 minutes**, or choose continuous play. Once set, the machine's **memory function** will automatically recall your last sound, volume, and timer setting upon restart. It's also **FCC, CE, and RoHS** certified for safety, so you can use it confidently.
- **Adjustable Volume Control:** The device offers **32 levels of volume adjustment**, easily customizable based on your personal needs. Whether you prefer soft ambient sounds or more pronounced noise masking, adjusting to your desired level is simple and convenient.
- **Dual Power Source:** The Sleepbox sound machine is powered via **USB-C** or with an **AC adapter**, making it incredibly versatile for both travel and home use. The long-lasting rechargeable battery provides up to **12 hours** of uninterrupted sound.
- **Non-Looping Sounds:** Unlike many other sound machines, the Sleepbox offers continuous, non-looping sounds that play seamlessly without repetitive breaks, providing a more natural and soothing listening experience.

Additional Benefits:

- **Improves Sleep for All Ages** : For babies, the white noise mimics the sounds of the mother's womb, creating a soothing environment that helps babies fall asleep more quickly and deeply. It also blocks external disruptions, making it ideal for restless sleepers or people suffering from insomnia.
- **Privacy Protection**: In places like private clinics or during confidential conversations, the Sleepbox can mask sound, ensuring conversations stay private.
- **Stress Relief**: Its calming sounds are perfect for activities like **yoga**, **reading**, or **meditation**, helping you relax and de-stress.
- **Great for Travel**: Its **portable size** and **rechargeable battery** make it the perfect travel companion, helping you maintain a calm environment wherever you go.

- **Block Outside Disruptions**: The machine effectively blocks disruptive noises such as traffic or construction, making it easier to concentrate on work, study, or get a good night's sleep.

Usage

1. **Power On**: Connect the machine to the power source using the provided AC adapter or USB-C cable.
2. **Select Sound**: Use the buttons to scroll through the available sound options until you find your desired sound.
3. **Adjust Volume**: Use the volume control buttons to set the preferred volume level.
4. **Set Timer**: Optional – set the timer to 30, 60, or 90 minutes if you want the machine to turn off automatically.
5. **Turn Off**: To manually turn off the machine, press the power button.

Care and Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the machine. Avoid using harsh chemicals or water directly on the device.
- **Storage:** When not in use, store the machine in a cool, dry place.
- **Power Care:** Avoid using the machine in high-humidity environments, and always ensure the cable and power adapter are in good condition.
- **Avoid Overuse:** Continuous 24-hour operation is not recommended, and the machine should be turned off periodically to prolong its life.

Troubleshooting

Issue	Possible Cause	Solution
No Sound	Power is off or not properly connected	Ensure Sleepbox is plugged in or battery is charged, and press power.
Distorted Sound	Volume too high or low battery	Lower the volume or charge the battery of your Sleepbox.
Timer Not Functioning	Timer settings not set properly	Check and reset the Sleepbox timer settings.
Random Shut Off	Timer set for auto-off	Disable the timer or adjust Sleepbox auto-off settings.
Not Turning On	Battery drained or faulty adapter	Recharge the Sleepbox or test with a different adapter or outlet.
Memory Function Not Working	System reset or software issue	Restart Sleepbox and try resetting the memory function.
Low Volume Output	Volume not adjusted or speaker issue	Increase Sleepbox volume using the control buttons.
Sound Cuts Out	Signal interference or battery issue	Ensure Sleepbox is fully charged and located away from interference.
Headphone Jack Not Working	Headphones not fully inserted or faulty jack	Insert headphones properly or test with another pair on your Sleepbox.
Rechargeable Battery Not Charging	Battery or charging cable issue	Use a different USB-C cable or check the adapter used for Sleepbox.
Timer Doesn't Turn Off	Timer malfunction	Restart the Sleepbox and reset the timer feature.
Unit Is Overheating	Continuous usage without breaks	Turn off Sleepbox and let it cool before further use.
Crackling Sound	Volume too high or defective speaker	Lower volume or check for speaker damage in Sleepbox.
Unit Won't Stay On	Power connection or faulty battery	Check power connection or replace the battery in the Sleepbox.
Sounds Are Repetitive/Looping	Software issue or memory glitch	Reset Sleepbox by powering it off and on, then reselect sounds.

Pros and Cons

Pros	Cons
Wide variety of soothing sounds	May require frequent charging
Portable design	Limited sound customization
User-friendly interface	Not suitable for very loud environments
