## INTRODUCTION

The Gravity Grip Car Mount is the last mount you'll need to purchase. The sleek black design ensures that it matches with every dashboard and car environment it is put into. The mount easily goes into the car vent and

grips it tightly. The phone slides down the mount and as it does, gravity pushes the feet down making it become tighter at the top. The weight of the phone is heavy that it will secure all of the grips to hold it tight.

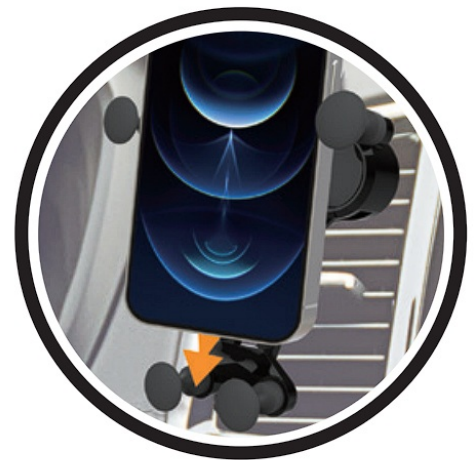

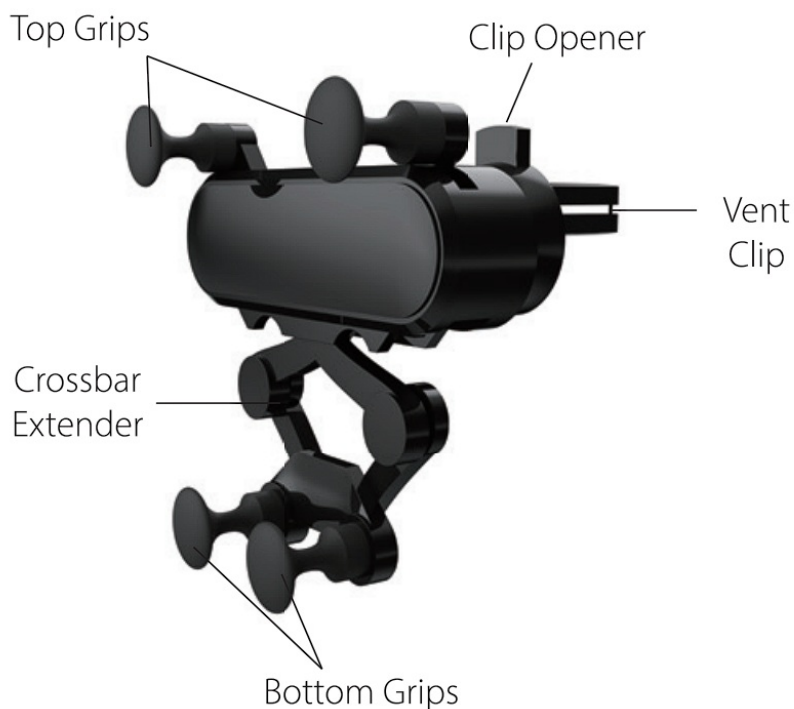

## PACKAGE CONTENTS

1 x Gravity Mount

## HOW TO USE

- 1) Un box everything and make sure your mount isn't damaged
- 2) Screw joint part onto the back of the mount but loosely
- 3) Leaving it loose will allow for the ball to pop in easily
- 4) Once the ball is in socket, tighten knob and make sure its tight
- 5) Next you're going to hold open the vent clip and place it on vent
- 6) Then you're going to slowly slide your phone down the mount until the bottom is on the feet grips and it starts to extend and tighten the grips at the top of your phone.

## PRODUCT OVERVIEW
