**SM Tek Group MCW9 LED MagCharge Magnetic Wireless Mount**

## INTRODUCTION

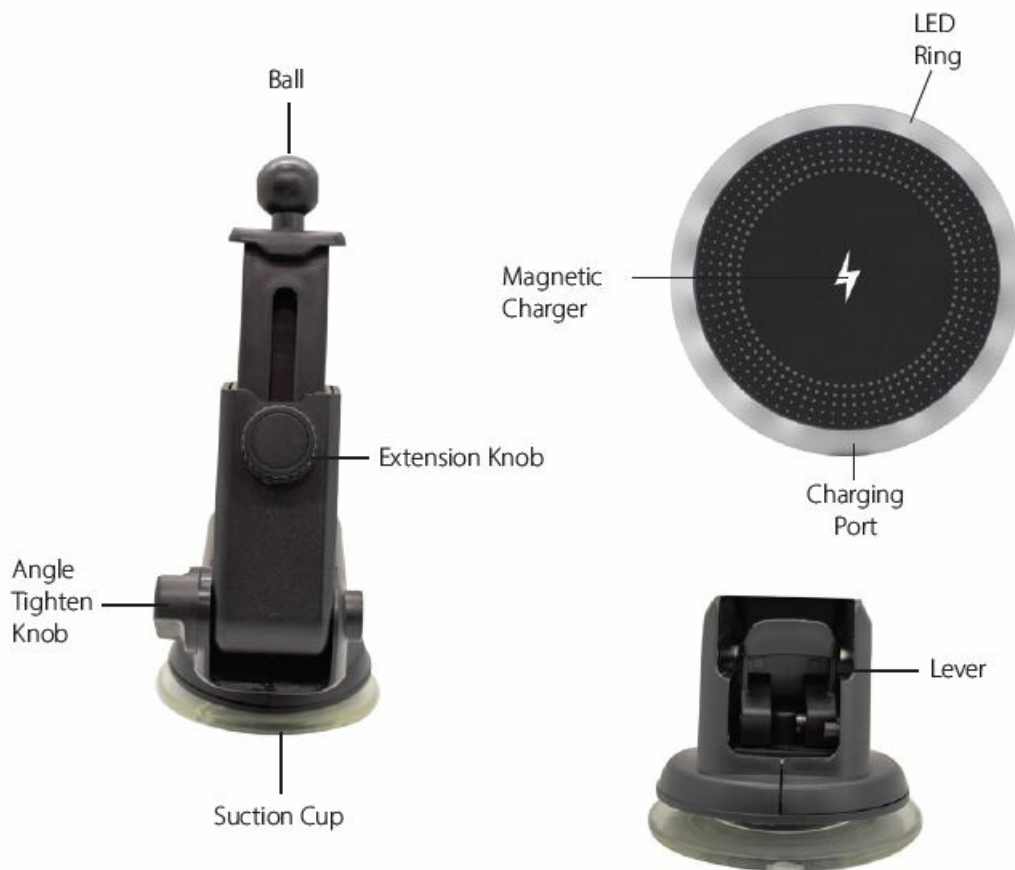

This high-tech mount is one of the first in its kind. With a magnetic charging system and an LED ring, it is extremely futuristic. It is extremely easy to assemble and even easier to begin to use. There is two different ways to use it as well! We included a vent clip for those who prefer a more minimalistic style to there vehicle. Always stay charged while on the go and look good doing it.

## PACKAGE CONTENTS

- 1x Magnetic Phone Holder
- 1x Suction Cup Stand
- 1x Metal Ring
- 1x Vent Clip
- 1x Charging cable

## PRODUCT OVERVIEW

## SPECIFICATIONS & FEATURES

- Strong & Secure Suction Cup
- Works on Any Flat Surface
- 360° Rotating View Option
- Type-C Input
- **Output:** 5W / 7.5W / 10W / 15W
- Adjustable arm extends to 6.5" wide
- Compatible with most wireless charging devices
- Bonus Clip
- LED party ring
- Hands- Free support

## HOW TO USE

### Constructing the Mount

1. Unbox all pieces and make sure you have everything
2. Screw joint part onto the back of the mount body but loosely
3. Leaving it loose will allow for the ball to pop in easily
4. Once the ball is in socket, tighten knob to make sure its tight
5. Take plastic peel off of suction cup
6. Place mount on dashboard, windshield, or vent in desired location
7. Plug in mount head so the LED lights up and it can charge
8. Attach metal ring to the back of the phone or have case with compatibility ready
9. Place phone against middle of circle and it should magnetically adhere to it
10. Phone should begin charging and you're all set!

## CARE AND SAFETY
