## INTRODUCTION

Want truly wireless headphones that aren't super bulky in your pocket? Well than be glad you found Slims! The name is the perfect description of this set of headphones. No more thick headphones with wires in your pocket. Slim is one of the sleekest and most compact headphone cases out there. Its skinny design is what makes it special because it packs just as big of a punch as the others. These stylish buds will compliment any outfit you wear because it won't look like there is a brick in your pocket.

## HOW TO USE

### Charging Case:

1. Connect the Micro USB end of the provided Charging Cable into the Micro USB Port of the Charging Case.
2. Connect the USB end of the USB cable into any USB Charging Port.
3. While charging the Charging Case Indicator Lights will blink.

### Charging Earbuds:

1. Charge the Earbuds by placing them into the already charged case.
2. The Ear Bud Indicator Lights will glow red while being charged.
3. All Indicator Lights will turn off once the earbuds are fully charged.

## HOW TO USE

### Pair Both Earbuds (TWS):

1. Take the two earbuds out of the charging case.
2. The earphones will automatically turn on and automatically pair. (Voice prompt: power on, left channel, right channel, waiting for connection)
3. Turn on the Bluetooth on your phone and click on the connection pair name "Slim" to connect and wait for the voice prompt "Connected:"

### Make a Call:

1. Connect the earbuds to your Phone's Bluetooth.
2. Use your Phone's interface to make, or receive, a call.

#### **Touch Sensor:**

1. Single tap on either earbud to pause, and repeat to play.
2. Double tap right earbud for volume down – double tap left earbud for volume up
3. Long press either earbud for Google Assistant, or Siri

#### **Listen to Music:**

1. Connect the earbuds to your Phone's Bluetooth.
2. Use your Phone's interface to select your music.
3. Once paired music will automatically play through the earbuds.

#### **Turn Off the Earbuds:**

1. Place your earbuds into the case to turn them off
2. Or turn them off by holding the touch sensor for up to 5 seconds
