SMART WM-SBID-200 Wall Mount For Interactive Display

Specifications

- Model: WM-SBID-200
- Dimensions: 10 7/16″ (26 cm) x 35 3/16″ (91 cm) x 25″ (63.5 cm) x 1 7/16″ (3.7 cm)
- Weight: Not specified

Product Information

The SMART wall mount (W200-1) is designed for SMART Board displays, including GX, MX, QX Pro, RX, 6000S, and 7000R series. It utilizes a VESA standard mounting-hole pattern for easy installation. The mount kit includes hardware for mounting the brackets to a SMART display. Please refer to the display's service parts diagram for information on connecting the display to the mount.
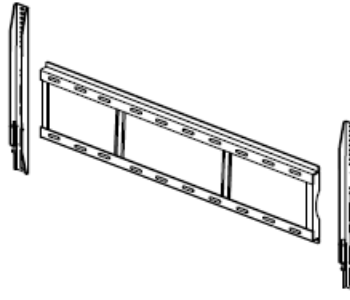

Installation Instructions

1. Locate a suitable wall space to mount the SMART wall mount.
2. Ensure the wall surface is capable of supporting the weight of the display and mount.
3. Use appropriate tools to securely attach the mount brackets to the wall.
4. Follow the display's service parts diagram to connect the display to the mount using the included hardware.
5. Adjust the mount as needed to ensure proper display positioning.

SMART wall mount (W200-1) for SMART Board displays
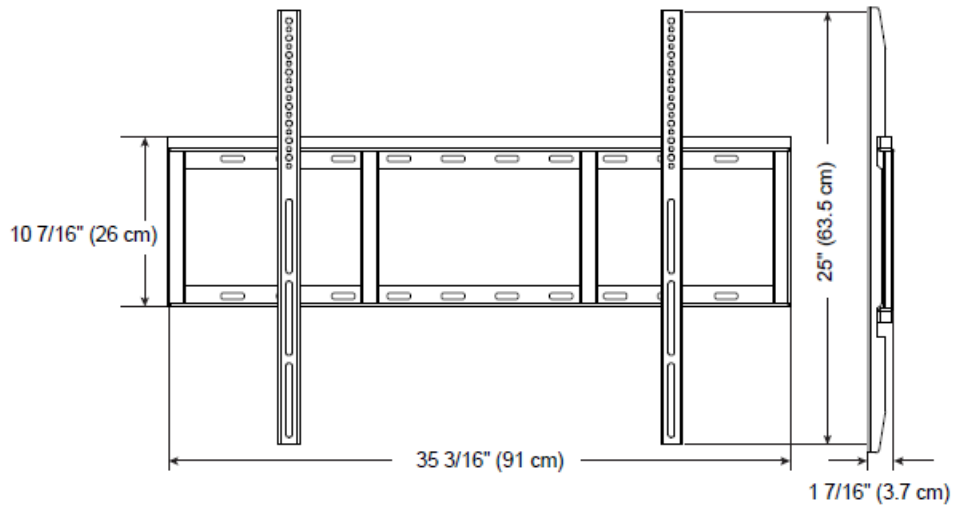

Model WM-SBID-200

Overview

SMART offers a wall mount (W200-1) for installing GX, MX, QX Pro, RX, 6000S, and 7000R series displays. The wall mount kit uses a VESA standard mounting-hole pattern. See **smarttech.com** for more information about this product.
