## 130 Yellow Tow Rope Strap with Loop Ends

**WARNING:** Read and observe all warnings, instructions, and capacity limitations before using this product. Failure to comply with this warning and the associated instructions and capacity limitations may result in serious personal injury and/or significant property damage.

### INSTRUCTIONS:

1. Secure one of the looped ends to a tow hook or D-ring shackle on the vehicle that will be doing the pulling.
2. Make sure the loop is securely fastened around your hook or shackle, and there are no loose components.
3. Repeat the first two steps on the vehicle that needs pulling.
4. When both looped ends are secure to each vehicle you are ready to tow.
5. After the pull is complete, inspect and safely store Tow Strap for the next use.
