what's in the Box

**Product Name**

1. USB plugs

2. AUX plugs

3. LED indicator + microphone

Product specification

| Frequency range:	2.4GHz-2.480GHz
Wireless transmission range:	about 10 meters/33ft
External power supply voltage:	DC+5V
Input and output interface:	USB +AUX 3.5mm
Support audio protocol:	SBC,ACC,CODEC

Compatibility

How It Works
Pairing Connections (First Use):

1. Plug the device into the USB port and the 3.5mm audio cable into the AUX port. (The blue light flashes rapidly after automatic power on)

2. Turn on the Bluetooth function of your mobile phone, search for "RCO2," and tap to pair it.
3. After a successful connection, adjust the car audio source to "AUX" or "AUDIO IN," and then you can play music.
4. Phone Answer: There is a built-in speaker that can be used for calling. The indicator flashes 1 time per second.

Notes:

1. If there's no sound, please check whether the audio source is adjusted to "AUX" Or "AUDIO IN."
2. Contact customer service if you need help to solve the problem.
3. When you turn on the device for the second time, it will automatically connect back to the last connected device.

Storage and Maintenance

1. Store the product in a cool, dry place. The working and storage temperature should be 0C-55C (32F-131F).
2. Never allow children and pets to play with the product
3. small parts may be a choking hazard. If accidental ingestion happens, seek immediate medical attention.
4. Keep the produce away from heat sources, direct sunlight, combustible gas, or other liquids.
5. Do not disassemble the product.
