S550 Set Up

1. **Charge Your S550**

   Connect to power using the charging cable and charge the battery.

   Charging connector
2. **Power On**

   Press the power button to turn on when S550 is battery operated.

   *Power button
   *Automatically turns on when connected to power.

3. **Pair Your S550**

   The S550 will announce the mode "Reader"

   Step 1: Open your app, wait until you hear "connected", then you are ready to go! (Your app is designed to

connect automatically to the S550) To register, download the Socket Mobile Companion app.

No app? Download Nice 2CU from the app store. This simple app will demonstrate a quick check-in/check-out

4. **Read NFC Data**

Launch your app and place a membership card or mobile pass on top of the reader.

Congratulations, your S550 is set up!

Optional Customization

Place the Active Surface and/or TAP HERE sticker
Step 1:Peel plastic off to place on top of the S550.

Optional Customization

Attach Security Cable

Step 1: Remove the battery door.
Step 2: Feed the string loop through the eyelet.
Step 3: Pull the gimbal through the string loop.
Step 4: Pull tight so the string loop is secure.

Important Information
Safety, Compliance, and Warranty
Safety and Handling:
See Safety and Handling in the User Guide and Regulatory Compliance.
www.socketmobile.com/regulatory-compliance
Regulatory:
Regulatory information, certification, and compliance mark specific to the Socket Mobile Barcode scanner is available in the User Guide or Regulatory Compliance at: **www.socketmobile/regulatory-compliance.**
IC and FCC Compliance Statement:
This device complies with Industry Canada license-exempt RSS standard(s). This device complies with part 15 of

the FCC rules. Operation is subject to the following two conditions: (1) this device may cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation.

EU Compliance Statement:

Socket Mobile hereby declares that this wireless device is in compliance with the essential requirements and other relevant provisions of the R&TTE Directive.

Battery and Power Supply:

The scanner contains Battery Friendly® technology-

rechargeable, replaceable batteries lasting over 8 hours.

Rechargeable batteries may present a risk of fire or chemical burn if mistreated. Do not charge or use the unit in a car or similar place where the inside temperature may be over 60 degrees C or 140 degrees F. For the full battery and battery charging warning statement and disposal information, go to User Guide or Regulatory Compliance:

www.socketmobile.com/regulatory-compliance

Limited Warranty Summary:

Socket Mobile Incorporated (Socket) warrants this product against defects in material and workmanship, under normal use and service, for

one (1) year from the date of purchase. The product must be purchased new from a Socket Authorized Distributor or Reseller. Used products and products purchased through non-authorized channels are not eligible for this warranty support. Warranty benefits are in addition to rights provided under local consumer laws. You may be required to furnish proof of purchase details when making a claim under this warranty.

Consumables such as batteries, removable cables, cases, straps, and chargers: 90-day coverage only.
